A Series of Unfortunate Events Collection: Books 4-6 May 17 2022 NOW A NETFLIX ORIGINAL SERIES A Warning from the Publisher: Imagine you are wearing a bandage that needs to be removed. Are you the sort of person who tears the bandage right off, causing an enormous amount of pain in a short instance? Or do you prefer to spread your pain out over a longer period of time, by slowly unpeeling the bandage from your injury? If you are the first type of person, then this three-book electronic collection might be for you. All of the misery and woe available in three Lemony Snicket volumes—The Miserable Mill, The Austere Academy, and The Ersatz Elevator—have been

joined into one compactly miserable package, so readers foolish enough to read about the Baudelaire orphans can be unnerved in a slightly more economical fashion. If you are the second type of person, then volumes four through six in A Series of Unfortunate Events might be for you. Even if you unwisely choose to read them at a more leisurely pace, you will encounter such atrocities as poorly paid employees, a hypnotist, an evil scheme, a gym teacher, dripping fungus, another evil scheme, a fake accent, three mysterious consonants, a red herring, and at least one more evil scheme. Of course, most people would prefer not to be injured at all. We salute these sensible people, who will doubtless not purchase any books by Lemony Snicket, no matter how conveniently bundled.

The Last Second Jan 25 2023 The New York Times bestselling Brit in the FBI series continues with this thrilling “popcorn movie in print form” (Associated Press) pitting special agents Nicholas Drummond and Michaela Caine against a private French space agency that has the power to end the world as we know it. Galactus, France’s answer to SpaceX, has just launched a communications satellite into orbit, but the payload actually harbors a frightening weapon: a nuclear bomb that can trigger a massive electromagnetic pulse (EMP). When the satellite

is in position, Galactus's second-in-command, Dr. Nevaeh Patel, will have the power to lay waste to the world. A former astronaut, Patel believes she is following the directions of the Numen, aliens who saved her life when she space-walked outside the International Space Station. She is convinced that with the Holy Grail—just discovered by the owner of Galactus, eccentric treasure hunter Jean-Pierre Broussard—she can be reunited with the Numen, change the world's destiny, and become immortal with them. The countdown has begun when Special Agents Nicholas Drummond and Michaela Caine are thrown into the pending disaster. They must stop the EMP that would wreak havoc on communication and electronic systems on Earth, resulting in chaos and anarchy. With their high-octane and suspenseful prose, "Coulter and Ellison are a thriller writer's dream team, and *The Last Second* is some of their best work yet" (The Real Book Spy).

The 6:20 Man Feb 26 2023 A cryptic murder pulls a former soldier turned financial analyst deep into the corruption and menace that prowl beneath the opulent world of finance, in this #1 New York Times bestselling thriller from David Baldacci. Every day without fail, Travis Devine

puts on a cheap suit, grabs his faux-leather briefcase, and boards the 6:20 commuter train to Manhattan, where he works as an entry-level analyst at the city's most prestigious investment firm. In the mornings, he gazes out the train window at the lavish homes of the uberwealthy, dreaming about joining their ranks. In the evenings, he listens to the fiscal news on his phone, already preparing for the next grueling day in the cutthroat realm of finance. Then one morning Devine's tedious routine is shattered by an anonymous email: She is dead. Sara Ewes, Devine's coworker and former girlfriend, has been found hanging in a storage room of his office building—presumably a suicide, at least for now—prompting the NYPD to come calling on him. If that wasn't enough, before the day is out, Devine receives another ominous visit, a confrontation that threatens to dredge up grim secrets from his past in the army unless he participates in a clandestine investigation into his firm. This treacherous role will take him from

the impossibly glittering lives he once saw only through a train window, to the darkest corners of the country's economic halls of power . . . where something rotten lurks. And apart from this high-stakes conspiracy, there's a killer out there with their own agenda, and Devine is the bull's-eye.

Treasure State Feb 20 2020 INSTANT NEW YORK TIMES BESTSELLER #1 New York Times bestselling author C. J. Box's Treasure State finds Cassie Dewell in Montana on the trail of a con man. Private Investigator Cassie Dewell's

business is thriving, and her latest case puts her on the hunt for a slippery con man who's disappeared somewhere in the "treasure state". A wealthy Florida widow has accused him of absconding with her fortune, and wants Cassie to find him and get it back. The trail takes Cassie to Anaconda, Montana, a quirky former copper mining town that's the perfect place to reinvent yourself. As the case develops, Cassie begins to wonder if her client is telling her everything. On top of that, Cassie is also working what's easily one of her strangest assignments ever. A poem that promises buried treasure to one lucky adventurer has led to a cutthroat competition and five deaths among treasure-hunters. But Cassie's client doesn't want the treasure. Instead, he claims to be the one who hid the gold and wrote the poem. And he's hired Cassie to try to find him. Between the two cases, Cassie has her hands full. In Montana, a killer view can mean more than just the scenery, and Cassie knows much darker things hide behind the

picturesque landscape of Big Sky Country. Treasure State, C. J. Box's highly anticipated follow-up to *The Bitterroots*, is full of more twists and turns than the switchbacks through the Anaconda Range.
