Richard Blade's autobiography is much more than a spotlight on any one decade. Instead, he gives you a jaw-dropping, uncensored insider's look into the world of music, movies, and television and its biggest stars, starting in the sixties and continuing through to the new century. Richard takes you on a journey that few have experienced: from his early days as a student at Oxford to the wild, lascivious nights of being a disco DJ touring the clubs of Europe, to coming to America and working with Michael Jackson, Barbra Streisand, and Sarah Jessica Parker and finally breaking through into the L.A. radio scene and becoming the number one morning drive personality in California. From his TV and radio shows to his feature films and live gigs, Richard shares stories that have until now remained secret. His unique perspective will take you on the road with Depeche Mode, to Australia with Spandau Ballet, into the recording studio with Morrissey, and onto the main stage at Live Aid with Duran Duran. He opens up about his friendships with Michael Hutchence and George Michael, as well as his passionate love affair with Terri Nunn of Berlin. This is a no-holds-barred look at life, sex, and death, set to a pulsing backbeat of music. For the first time, Richard Blade shares his extraordinary story, allowing us to see the world through his eyes. First published in 1996, *The Eyes of the Skin* has become a classic of architectural theory. It asks the far-reaching question why, when there are five senses, has one single sense – sight – become so predominant in architectural culture and design? With the ascendancy of the digital and the all-pervasive use of the image electronically, it is a subject that has become all the more pressing and topical since the first edition's publication in the mid-1990s. Juhani Pallasmaa argues that the suppression of the other four sensory realms has led to the overall impoverishment of our built environment, often diminishing the emphasis on the spatial experience of a building and architecture's ability to inspire, engage and be wholly life enhancing. For every student studying Pallasmaa's classic text for the first time, *The Eyes of the Skin* is a revelation. It compellingly provides a totally fresh insight into architectural culture. This third edition meets readers' desire for a further understanding of the context of Pallasmaa's thinking by providing a new essay by architectural author and educator Peter MacKeith. This text combines both a biographical portrait of Pallasmaa and an outline of his architectural thinking, its origins and its relationship to the wider context of Nordic and European thought, past and present. The focus of the essay is on the fundamental humanity, insight and sensitivity of Pallasmaa's approach to architecture, bringing him closer to the reader. This is illustrated by Pallasmaa's sketches and photographs of his own work. The new edition also provides a foreword by the internationally renowned architect Steven Holl and a revised introduction by Pallasmaa himself. The inspiring story of Brad Snyder's journey from the Naval Academy to Afghanistan, from being blinded by an IED explosion to winning Paralympic gold. In Afghanistan, Lieutenant Brad Snyder had one of the world's most dangerous jobs: to find and destroy enemy bombs, as an elite US Navy Special Operations warrior. On September 7, 2011, the former Naval Academy captain of the swim team stepped on an improvised explosive device while helping save the lives of his patrol's Afghan counterparts. The subsequent explosion left Snyder permanently blind. Through unrelenting pain, hard work, and dedication, Snyder qualified for the US Paralympic Team and on September 7, 2012, one year to the day after suffering his devastating injury, he won a gold medal in men's swimming for Team USA in London. Brad Snyder's journey from darkness to light embodies the courage of America's new Greatest Generation and serves as an inspiration to all of us. *Their Eyes Were Watching God* is a 1937 novel by African-American writer Zora Neale Hurston. He went back to help others. And along the way, he nearly lost everything. A life-changing spiritual awakening freed Brian "Head" Welch from a stranglehold of drugs and alcohol and prompted him to leave the highly successful nu-metal band KoRn in 2005. What followed was a decade-long trial by fire, from the perils of fathering a teen lost in depression and self-mutilation to the harsh realities of playing solo and surviving the shattering betrayal of a trusted friend. In this intensely inspiring redemption saga, perhaps most inspiring is Brian's radical decision to rejoin KoRn and reconcile with the tribe of people he once considered family in the metal music scene. Brian returned to his musical roots with a clear head and a devoted heart. Though his story is wild, hilarious, and deeply poignant, the message is simple: God will love you into the freedom of being yourself, as long as you keep the relationship going and never, ever quit. *Fixing My Eyes on Jesus* is a 365-day devotional that will encourage, uplift, renew, and challenge you on your spiritual walk. And as Clara's dreams of happily-ever-after begin to shatter, will she be able to wrestle her life back? *My Eyes Are Up Here* is a razor-sharp debut about a girl struggling to rediscover her sense of self in the year after her body decided to change all the rules. If Greer Walsh could only live inside her head, life would be easier. She'd be able to focus on excelling at math or negotiating peace talks between her best friend and . . . everyone else. She wouldn't spend any time worrying about being the only Kennedy High student whose breasts are bigger than her head. But you can't play volleyball inside your head. Or go to the pool. Or have confusingly date-like encounters with the charming new boy. You need an actual body for all of those things. And Greer is entirely uncomfortable in hers. Hilarious and heartbreakingly honest, *My Eyes Are Up Here* is a story of awkwardness and ferocity, of imaginary butterflies and rock-solid friends. It's the story of a girl finding her way out of her oversized sweatshirt and back into the real world.

Between her clinic, a rotation in the hospital's ER, volunteer work at the new women's shelter, and time spent with family and friends, her life is full. But it's not too full to notice a sexy lawyer when she sees one. Former US Marshal Ethan Greer is still settling into the job as Wishful's new Chief of Police, but he's starting to realize it may be years before he'll ever be considered one of the locals. Fair enough. He's the first to admit that making the shift to small town policing is a big adjustment. For Robert Fyall, the mystery of God's ways and the appalling evil and suffering in the world are at the heart of Job's significant contribution to the canon of Scripture. This New Studies in Biblical Theology volume offers a holistic reading of Job, with particular reference to its depiction of creation and evil, and finds significant clues to its meaning in the striking imagery it uses. **BOOK ONE IN THE D&S SECURITY SERIES.** Shelby Taite, restless and bored with her high society life, decides to go on an adventure and see how the other half lives. In the 1970s and 1980s, internationally known artist Don Bachardy made portraits from life, depicting the actors, writers, artists, composers, directors, and Hollywood elite that he and his partner Christopher Isherwood knew. He then made detailed notes about these portrait sittings in the journal he has kept for more than forty years. The result is a unique document: we enter the mind of the artist as he records the images and behavior of his celebrity subjects—from Ruby Keeler and Barbara Stanwyck to Jack Nicholson and Linda Ronstadt—during their often intense collaboration with him. Author Interview Q: What makes the Wishing For A Hero series special? Wishing For A Hero is a collection of southern romance novels honoring my Mississippi roots. When I started my core Wishful Romance series, I set out to highlight everything that I love about living in the small town South--all our quirks, foibles, and dreams provide a fabulous (and often funny) backdrop to contemporary romances about stubborn, independent women and the men who love them. But not every story fit that lighter side. Wishing For A Hero novels are still small town romance stories, but they've got a darker tone and an edge of suspense. Q: Who would dig these books? Wishing For A Hero is a southern romance series written for anyone looking for love in a small town--with a dose of suspense. FORTUNE IN MY EYES: A MEMOIR OF BROADWAY GLAMOR SOCIAL JUSTICE AND POLOITICAL PASSION This book was first published in 2003. As World War II drew to a close and the world awakened to the horror wrought by white supremacists in

Nazi Germany, African American leaders, led by the NAACP (National Association for the Advancement of Colored People), sensed the opportunity to launch an offensive against the conditions of segregation and inequality in America. The 'prize' they sought was not civil rights, but human rights. Only the human rights lexicon, shaped by the Holocaust and articulated by the United Nations, contained the language and the moral power to address not only the political and legal inequality but also the education, health care, housing, and employment needs that haunted the black community. But the onset of the Cold War and rising anti-communism allowed powerful Southerners to cast those rights as Soviet-inspired. Thus the Civil Rights Movement was launched with neither the language nor the mission it needed to truly achieve black equality. Ten years have passed in war-torn Malonia since the king and queen were murdered and the throne usurped by Lucien and his rebel troops. Has he actually been murdered along with his parents? A country on the brink of revolution awaits his return in silence. Leo is a rebellious soldier-in-training with secret powers. When wandering home one night, he stumbles upon a mysterious black book lying in the snow. Its strange aura and empty pages both frighten and fascinate him. Soon the pages begin to fill with the stories of Anna and Ryan in England – a country that is only a fairy tale in Malonia. When tragedy strikes, Leo tries to rid himself of the book but its stories haunt even his dreams. In *The Eyes Of A King*, a fast-paced novel with a unique style, these three fifteen-year-old characters, and the parallel worlds of contemporary England and the dictatorship of Malonia, become increasingly entangled. *The Eyes of a King* is founded on a detailed world of magic, Malonian traditions, and politics, but its focus is always on the human element. It will appeal to young readers who love epic adventure as well as those who seek a reflection of the day-to-day challenges of their own lives. Adults will also be swept up in this grand tale, in which the ordinary meets the extraordinary, dreams mingle with reality, and heaven and earth may co-exist. The idea for 'I Close My Eyes, Then I Drift Away' by Katrien De Blauwer (b. 1969, Belgian) was founded as a commission for De Blauwer to anatomise archival works of François Halard (b. 1961, French) into a new and rare narrative. With a seductive and dreamlike state, bordering femininity and masculinity, she lets the observer immerse by the means of power structures and illusions, with nuances and parables to the contrasting career of Halard's, yet with the most imaginable awe. All photographs appearing in this book were taken by François Halard and accumulated on July 3rd, 2019 by Katrien De Blauwer in Arles, France. All artworks were made in Antwerp, Belgium by Katrien De Blauwer. The concept for this book was conceived by editor and designer Tony Cederteg, who also wrote the preface for the book.
