At the end of Adam's second book, The Gate of Heavenly Peace, Adam Chapman, a character Adam has largely based on himself, and Dawn, the girl who is the love of his life, had made up and were finally going to be boyfriend and girlfriend. So, what happens when two people live happily ever after? That's what this third book is about. Collects true stories of the beauty and pain of life's end from medical professionals, hospice workers, and the author's own experiences as a hospice nurse. "Splendid . . . One could not

imagine a better subject than Zhan Dai for Spence.” (The New Republic) Celebrated China scholar Jonathan Spence vividly brings to life seventeenth-century China through this biography of Zhang Dai, recognized as one of the finest historians and essayists of the Ming dynasty. Born in 1597, Zhang Dai was forty-seven when the Ming dynasty, after more than two hundred years of rule, was overthrown by the Manchu invasion of 1644. Having lost his fortune and way of life, Zhang Dai fled to the countryside and spent his final forty years recounting the time of creativity and renaissance during Ming rule before the violent upheaval of its collapse. This absorbing tale of Zhang Dai’s life illuminates the transformation of a culture and reveals how China’s history affects its place in the world today.

Slipknot and Stone Sour singer Corey Taylor’s New York Times bestselling journey into the world of ghosts and the supernatural Corey Taylor has seen a lot of unbelievable things. However, many of his most incredible experiences might just shock you. For much of his life, the Grammy Award-winning singer of Slipknot and Stone Sour and New York Times bestselling author of *Seven Deadly Sins* has brushed up against the supernatural world. Those encounters impacted his own personal evolution just as much as headlining at Castle Donington in front of 100,000 people at Download Festival or debuting at #1 on the Billboard Top 200. Since growing up in Iowa, his own curiosity drew him into situations that would’ve sent most people screaming scared and running for the hills. He’s ballsy enough to go into the darkness and deal with the consequences, though. As a result, he’s seen ghosts up close and personal, whether while combing through an abandoned house in his native Iowa as a child or recording an album in the fabled Houdini Hollywood Hills mansion. He’s also got the memories (and scars) to prove it. For some reason, he can’t seem to shake these spectral stories, and that brings us to this little tome right here... At the same time, being an erudite, tattooed, modern Renaissance Man, he was never one for Sunday Service. Simply put, he’s seen ghosts, but he hasn’t seen Jesus. Taylor especially can’t find a reason why people do the insane things they do in HIS name. That’s where everything gets really interesting. His second book, *A Funny Thing Happened on the Way to Heaven*, compiles Taylor’s most intimate, incredible, and insane moments with the supernatural. His memories are as vivid as they are vicious. As he recounts these stories, he questions the validity of religious belief systems and two-thousand-year-old dogma. As always, his rapid-fire writing, razor sharp sense of humor, unbridled honesty, and cozy anecdotes make quite the case for his point. You might end up believing him or not. That’s up to you, of course.

Either way, you're in for a hell of a ride. A corporate team-building exercise for a group of gods results in the creation of The Earth. Two of the gods fall out after one of them sabotages the other's hard work, and the only way to restore heavenly peace is to set a wager, but they need a case-study. They need Stanley Nelson Marley, his long-suffering wife Marlene, and his unruly family. Stanley has 75 years from the time he is disgorged into the world until the time of his decay, to present a range of scenarios to the gods. From these, they will need to be convinced whether or not humans can actually cope on the home that they have recently been given. A lot of things can go wrong between 1921 and 1996 - how much control over them does Stanley, or indeed any of us, really have? Surely these things can't all be down to fate; can they? The inspirational teachings in this collection show that the real way of the warrior is based on compassion, wisdom, fearlessness, and love of nature. Drawn from the writings of the founder of the Japanese martial art of aikido, this work offers a nonviolent way to victory in the face of conflict.

\*Includes pictures \*Includes accounts of the protests \*Includes online resources and a bibliography for further reading

"Students, we came too late. We are sorry. You talk about us, criticize us, it is all necessary. The reason that I came here is not to ask you to forgive us. All I want to say is that students are getting very weak, it is the 7th day since you went on hunger strike, you can't continue like this. [...] You are still young, there are still many days yet to come, you must live healthy, and see the day when China accomplishes the four modernizations. You are not like us, we are already old, it doesn't matter to us any more." - Zhao Ziyang at Tiananmen Square. May 19, 1989. On June 5, 1989, a petrifying procession of Type 59 tanks with bright red stars emblazoned on the sides rolled down the eerily vacant streets of Chang'an Avenue, headed towards Tiananmen Square. Photographer Jeff Widener, along with the disorderly rabble of the media, public, and protesters, watched with bated breath, some from the sidelines, and some from the windows of buildings and nearby establishments. Suddenly, the buzz of panic turned into a chorus of disbelieving gasps. A man by his lonesome, dressed in a white cotton blouse and a pair of black slacks, casually strolled into the street, 2 shopping bags swinging in hand. Some were bewildered by the thought of the man foolishly attempting to cross the road at the worst possible time, but when this man deliberately stopped in the path of the tanks, there was a beat of stunned silence. The man, perhaps unaware of the thousands of eyes fixated on him, coolly stared down the tanks as their treads slowly grinded to a halt, one at a time. This iconic scene captured by Widener,

dubbed the "Tank Man," has become one of the most widely recognizable photographs from the 20th century, an image that springs to mind at the mention of the infamous Tiananmen Square Incident of 1989. The Tank Man would become one of the most defining symbols of the cause - defiance against what the people deemed an oppressive higher power, shored up by the iron wills of this unidentified man and millions like him. That said, there is always far more than meets the eye - or the ear. Take Widener's photograph itself as just one example. Tank Man can be seen in front of 4 tanks, an image stirring enough on its own. Yet in another photographer's image, which shows a wider, almost bird's eye view of the scene, audiences can see a column of at least 14 tanks and counting. In the same spirit, beyond the electrifying chants and the dazzling colors brought forth by the sea of tents, banners, and headbands lies a darker and more complex story, one that spiraled out of control due to reasons both external and internal, leading to a grim and ghastly ending. Ironically, for those familiar with China, Tiananmen Square, a large city square in the center of Beijing, can be said to represent the essence of Chinese culture. In addition to the events of 1989, it has been the site of several important events in the country's history. It is characterized as being a vast open ground centered on and defined by a series of monuments constructed over a period of 500 years. Named after the Tiananmen gate, one that means the "Gate of Heavenly Peace," the square is located towards the north of the gate, separating it from the Forbidden City. Considered the fourth largest city square in the world, its dimensions are 440,000 square meters. *The Tiananmen Square Massacre: The History and Legacy of the Chinese Government's Crackdown on the 1989 Protests* examines the plight of the protesters, as well as the evolution, peak, and the bloody unraveling of their cause. Testimonies from not only protesters and eyewitnesses themselves, but the version of events from authorities, journalists, and soldiers are taken into account, giving more evidence to the reality that not everything is black-and-white. In his ongoing quest to show the path to inner peace amid a noisy and cluttered world, the author of *As a Man Thinketh*-one of the most popular writers in the fields of inspiration at the turn of the 20th century-writes simply but eloquently on such topics as *The Divine Center*, *The Unfailing Wisdom*, *Perfect Freedom*, and *The Might of Meekness*. As always, his advice is both spiritual and practical: be in the moment, seek simplicity, push past the clutter to find your inner goodness. His words are as valuable today as when they were first written, and provide a welcome balm to uneasy souls in an uncertain world. British author and pop philosopher

JAMES ALLEN (1864-1912) retired from the business world to pursue a life of writing and contemplation. He authored many books about the power of thought including *The Way of Peace*, *The Mastery of Destiny*, and *Entering the Kingdom*. “One of the most important books of Vietnamese American and Vietnam War literature...Moving, powerful.” —Viet Thanh Nguyen, Pulitzer Prize-winning author of *The Sympathizer* In these pages, *Le Ly Hayslip*—just twelve years old when U.S. helicopters landed in her tiny village of Ky La—shows us the Vietnam War as she lived it. Initially pressed into service by the Vietcong, Le Ly was captured and imprisoned by government forces. She found sanctuary at last with an American contractor and ultimately fled to the United States. Almost twenty years after her escape, Le Ly found herself inexorably drawn back to the devastated country and loved ones she’d left behind, and returned to Vietnam in 1986. Scenes of this joyous reunion are interwoven with the brutal war years, creating an extraordinary portrait of the nation, then and now—and of one courageous woman who held fast to her faith in humanity. First published in 1989, *When Heaven and Earth Changed Places* was hailed as an instant classic. Now, some two decades later, this indispensable memoir continues to be one of our most important accounts of a conflict we must never forget. A gripping account of China's nineteenth-century Taiping Rebellion, one of the largest civil wars in history. *Autumn in the Heavenly Kingdom* brims with unforgettable characters and vivid re-creations of massive and often gruesome battles--a sweeping yet intimate portrait of the conflict that shaped the fate of modern China. The story begins in the early 1850s, the waning years of the Qing dynasty, when word spread of a major revolution brewing in the provinces, led by a failed civil servant who claimed to be the son of God and brother of Jesus. The Taiping rebels drew their power from the poor and the disenfranchised, unleashing the ethnic rage of millions of Chinese against their Manchu rulers. This homegrown movement seemed all but unstoppable until Britain and the United States stepped in and threw their support behind the Manchus: after years of massive carnage, all opposition to Qing rule was effectively snuffed out for generations. Stephen R. Platt recounts these events in spellbinding detail, building his story on two fascinating characters with opposing visions for China's future: the conservative Confucian scholar Zeng Guofan, an accidental general who emerged as the most influential military strategist in China's modern history; and Hong Rengan, a brilliant Taiping leader whose grand vision of building a modern, industrial, and pro-Western Chinese state ended in tragic failure.

This is an essential and enthralling history of the rise and fall of the movement that, a century and a half ago, might have launched China on an entirely different path into the modern world. In 1728 a stranger handed a letter to Governor Yue calling on him to lead a rebellion against the Manchu rulers of China. Feigning agreement, he learnt the details of the plot and immediately informed the Emperor, Yongzheng. The ringleaders were captured with ease, forced to recant and, to the confusion and outrage of the public, spared. Drawing on an enormous wealth of documentary evidence - over a hundred and fifty secret documents between the Emperor and his agents are stored in Chinese archives - Jonathan Spence has recreated this revolt of the scholars in fascinating and chilling detail. It is a story of unwordly dreams of a better world and the facts of bureaucratic power, of the mind of an Emperor and of the uses of his mercy. Are you tired of feeling insecure in love? Do you find yourself deeply in love but, at the same time, feeling alone, drowning in self-doubt, overanalyzing a particular conversation, or blaming everything on your partner? Do you want to find safety and peace, but don't know where to start? Then you start searching online: Prayers for anxiety in a relationship prayers for peace in a relationship prayer for strength and peace of mind praying for peace and understanding If this sounds like you, search no further. This pocket-size prayer book is here to help you. Love can be anxious, mysterious, and even strange. Rest assured that you are not alone. Why this book now? This pocket-size book carefully curates 50 prayers. Each prayer addresses a specific feeling of insecurity in love. When you are overwhelmed by a particular emotion, just focus on its corresponding prayer. Those little prayers will help verbalize your inner struggles at the moment, walk you through magical and powerful words. You will find assurance, peace, comfort, and happiness in the promises of God's Word. You will feel empowered to embrace and go beyond your deep insecurities. This little prayer book is easy to carry. You can bring this book anywhere you go, waiting in line, riding on a car, or even doing house chores. You can read a particular prayer or revisit a particular one from time to time. What insecure feelings will this book address? Feeling overwhelmed by anger Consumed by worries about future Being afraid of letting go control Burn out Feeling jealous Dealing with cheating Lack of respect Power struggle And more The ideal audience for this book? Regardless of your religion, you will find peace through those vivid and easy-to-read prayers. You can also use this book to lead a bible study. This book offers simple encouragement for beginners or those who find it's hard to pray. By staying connected to God,

believing in his word's promises, a sense of wholeness will come and settle the heart down. It will be a wonderful feeling when worries and anxiety are replaced with calm and peace. Are you ready to let go of your anxiety and accept the infinite peace of God? Let this book help you in your daily devotions. It will enhance your sense of belief and free you to embrace heavenly peace. Eddie is a wounded war veteran, an old man who has lived, in his mind, an uninspired life. His job is fixing rides at a seaside amusement park. On his 83rd birthday, a tragic accident kills him, as he tries to save a little girl from a falling cart. He awakes in the afterlife, where he learns that heaven is not a destination. It's a place where your life is explained to you by five people, some of whom you knew, others who may have been strangers. One by one, from childhood to soldier to old age, Eddie's five people revisit their connections to him on earth, illuminating the mysteries of his "meaningless" life, and revealing the haunting secret behind the eternal question: "Why was I here?"

Many books have tried to analyze the reasons for the Chinese communist success in China's 1945\_1949 civil war, but Suzanne Pepper's seminal work was the first and remains the only comprehensive analysis of how the ruling Nationalists lost that war\_not just militarily, but by alienating the civilian population through corruption and incompetence. Now available in a new edition, this authoritative investigation of Kuomintang failure and communist success explores the new research and archival resources available for assessing this pivotal period in contemporary Chinese history. Even more relevant today given the contemporary debates in Hong Kong and Taiwan over the terms of reunification with a communist-led national government in Beijing, this book is essential reading for anyone seeking a nuanced understanding of twentieth-century Chinese politics. Wu Ningkun notes that "The Politics Of My Heart" "stands apart from all other China books that have mushroomed in the West before and after the Tiananmen tragedy. Neither academic nor journalistic, it is the pilgrim's progress of a poet-scholar to the Gate of Heavenly Peace .... China has gotten under his skin, and China hurts. How can he not give voice to 'the lips that burn but do not speak'? "The Politics Of My Heart" will get under your skin too." Do you know the depth of God s love for you? What if you were to read a love letter from God what would He whisper to your heart? The Peace of Heaven is a book filled with words of encouragement and affirmations that will help you to experience God s love and peace. It is a treasury of faith, hope and love that will inspire you to draw closer to the heart of God. When the trials of daily life get you down, pick up this book and you will find that God is right by

your side and will help you to weather any storm that may come your way. In the midst of your trials I will come along beside you and carry you through. You do not have to carry your burdens alone. Allow me to lift them from your shoulders and bring you to a new place with me

A new translation of Kumazawa Banzan's (1619-1691) *Responding to the Great Learning*, the first major writing on political economy in early modern Japan. The final book of the Bible, Revelation prophesies the ultimate judgement of mankind in a series of allegorical visions, grisly images and numerological predictions. According to these, empires will fall, the "Beast" will be destroyed and Christ will rule a new Jerusalem. With an introduction by Will Self. "If one has the art, then a piece of celery or salted cabbage can be made into a marvelous delicacy; whereas if one has not the art, not all the greatest delicacies and rarities of land, sea, or sky are of any avail." --a Beijing cook, nineteenth century from *Chinese Roundabout*

Finalist for the 2015 Helen Bernstein Book Award for Excellence in Journalism Longlisted for the Lionel Gelber Award for the Best Non-Fiction book in the world on Foreign Affairs An Economist Book of the Year, 2014 A New York Times Book Review Editor's Choice "One of the best analyses of the impact of Tiananmen throughout China in the years since 1989." --The New York Times Book Review On June 4, 1989, People's Liberation Army soldiers opened fire on unarmed civilians in Beijing, killing untold hundreds of people. A quarter-century later, this defining event remains buried in China's modern history, successfully expunged from collective memory. In *The People's Republic of Amnesia*, Louisa Lim charts how the events of June 4th changed China, and how China changed the events of June 4th by rewriting its own history. Lim reveals new details about those fateful days, including how one of the country's most senior politicians lost a family member to an army bullet, as well as the inside story of the young soldiers sent to clear Tiananmen Square. She also introduces us to individuals whose lives were transformed by the events of Tiananmen Square, such as a founder of the Tiananmen Mothers, whose son was shot by martial law troops; and one of the most important government officials in the country, who post-Tiananmen became one of its most prominent dissidents. And she examines how June 4th shaped China's national identity, fostering a generation of young nationalists, who know little and care less about 1989. For the first time, Lim uncovers the details of a brutal crackdown in a second Chinese city that until now has been a near-perfect case study in the state's ability to rewrite history, excising the most painful episodes. By tracking down eyewitnesses, discovering US

diplomatic cables, and combing through official Chinese records, Lim offers the first account of a story that has remained untold for a quarter of a century. The People's Republic of Amnesia is an original, powerfully gripping, and ultimately unforgettable book about a national tragedy and an unhealed wound. A uniquely experienced observer of China gives us a sweeping historical novel that takes us on a journey from the rise of Mao Zedong in 1949 to the Tiananmen Square uprising in 1989, as a father and his son are swept away by a relentless series of devastating events. It's 1950, and pianist Li Tongshu is one of the few Chinese to have graduated from the San Francisco Conservatory of Music. Engaged to a Chinese-American violinist who is the daughter of a missionary father and a Shanghai-born mother, Li Tongshu is drawn not just by Mao's grand promise to "build a new China" but also by the enthusiasm of many other Chinese artists and scientists living abroad, who take hope in Mao's promise of a rejuvenated China. And so when the recently established Central Conservatory of Music in Beijing offers Li Tongshu a teaching position, he leaves San Francisco and returns home with his new wife. But instead of being allowed to teach, Li Tongshu is plunged into Mao's manic revolution, which becomes deeply distrustful of his Western education and his American wife. It's not long before his son, Little Li, also gets caught up in the maelstrom of political and ideological upheaval that ends up not only savaging the Li family but, ultimately, destroying the essential fabric of Chinese society. The author of "Every Move You Make" reveals the true story of Dianne Odell, who in 2004 was convicted of killing three of her newborn children in the early 1980s at her New York home after their remains were discovered in a storage facility in Arizona in 2003. photos. Original. This work chronicles the history of China for over four hundred years through the spring of 1989. In this vivid new social history of the Tiananmen protests, Beijing massacre, and nationwide crackdown of 1989, Jeremy Brown explores the key turning points of the crisis in China and shows how the massacre and its aftermath were far from inevitable. Most global citizens are well aware of the explosive growth of the Chinese economy. Indeed, China has famously become the "workshop of the world." Yet, while China watchers have shed much light on the country's internal dynamics--China's politics, its vast social changes, and its economic development--few have focused on how this increasingly powerful nation has become more active and assertive throughout the world. In *China Goes Global*, eminent China scholar David Shambaugh delivers the book that many have been waiting for--a sweeping account of

China's growing prominence on the international stage. Thirty years ago, China's role in global affairs beyond its immediate East Asian periphery was decidedly minor and it had little geostrategic power. Today however, China's expanding economic power has allowed it to extend its reach virtually everywhere--from mineral mines in Africa, to currency markets in the West, to oilfields in the Middle East, to agribusiness in Latin America, to the factories of East Asia. Shambaugh offers an enlightening look into the manifestations of China's global presence: its extensive commercial footprint, its growing military power, its increasing cultural influence or "soft power," its diplomatic activity, and its new prominence in global governance institutions. But Shambaugh is no alarmist. In this balanced and well-researched volume, he argues that China's global presence is more broad than deep and that China still lacks the influence befitting a major world power--what he terms a "partial power." He draws on his decades of China-watching and his deep knowledge of the subject, and exploits a wide variety of previously untapped sources, to shed valuable light on China's current and future roles in world affairs.

Excerpt from *Poems of the House: And Other Poems*  
God on thy head pour multiplied His grace,  
And yield thee, nearer to the life divine,  
Foregleams of light, touches of heavenly peace!  
Long years the mother radiates from thy face.

We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

Drawn from her decades of experience as a hospice nurse, Trudy Harris shares stories that offer an incredible glimpse at what lies beyond this world--ethereal music, colors that did not exist on earth, angels, and loved ones who have gone on before. She has been with hundreds of patients as they took their last breaths and knows the kinds of questions that both the dying and their loved ones ask: What happens when we die? What should I say to a loved one who is dying? How can I make a dying friend feel safe? The stories she shares will bring the reader comfort and peace even amidst pain. Tender, heartbreaking, and eye-opening, this expanded edition of the New York Times bestseller offers more incredible windows into the world beyond and life

after death. Robert is a very handsome young brother who sees Cynthia in the park and learns the meaning of the phrase, love at first sight. Cynthia captured his heart so much that he marries her and is willing to do everything within his power to please her. They have a beautiful daughter together. Despite Robert's efforts to maintain the marriage that he so desires, Cynthia proves to be selfish and full of drama. The drama and stress that Cynthia breathed began wearing Robert thin. He decided that nothing was going to change Cynthia for the better. Robert filed for a divorce when he felt he could no longer endure her behavior. After the divorce, Robert started a new life with a woman who loved him very much. Robert couldn't show the love he had for her in return because of Cynthia. Tragedy struck. In the end, Robert and Cynthia found peace just in different places. In September of 1963, Reverend Lawrence Roberts and the Angelic Choir of the First Baptist Church of Nutley, New Jersey, teamed with rising gospel star James Cleveland to record Peace Be Still. The LP and its haunting title track became a phenomenon. Robert M. Marovich draws on extensive oral interviews and archival research to chart the history of Peace Be Still and the people who created it. Emerging from an established gospel music milieu, Peace Be Still spent several years as the bestselling gospel album of all time. As such, it forged a template for live recordings of services that transformed the gospel music business and Black worship. Marovich also delves into the music's connection to fans and churchgoers, its enormous popularity then and now, and the influence of the Civil Rights Movement on the music's message and reception. The first in-depth history of a foundational recording, Peace Be Still shines a spotlight on the people and times that created a gospel music touchstone. "It is 1837 when Hong ascends to Heaven. While there, he is charged by God, his Heavenly Father - attired in black dragon robe and high-brimmed hat, his mouth almost hidden by his luxuriant golden beard - to slay the demon devils who are leading the people on earth astray. Their leader is Yan Luo, king of hell, the Dragon Demon of the Eastern Sea. Hong does battle in Heaven, armed by his father with sword and seal, aided by his elder brother, Jesus. Returned to his home village in south China, he resolves to carry on the struggle against the evil polluting humanity. He knows himself to be the younger brother of Jesus Christ, God's Chinese son." "The Taiping uprising, led by Hong Xiuquan, was a massive millennial movement that, in its violent rise and fall between 1845 and 1864, cost at least twenty million Chinese their lives. In the course of this struggle the Taiping succeeded in overturning the authority of the ruling Qing dynasty throughout

a massive territory in southern China. This the Taiping ruled as their Heavenly Kingdom from their seat in Nanjing for eleven years, until they were overcome in an apocalypse wrought by Qing and Western forces, the Book of Revelation become history." "In this master work of the historian's art, Jonathan Spence creates a history of intimate detail and grand scale. We enter the fevered dream world of Hong Xiuquan as he meets his Heavenly family; we see the torments awaiting earthly sinners in King Yan Luo's hell; we feel the anxieties of Westerners living circumscribed lives on the edges of a China they do not understand. This is a China of vast instability, ruled by a dynasty in decline, beset by pirates and bandits in areas beyond the government's reach, pressed by Western traders to embrace opium, Western missionaries the word of God, and arms dealers the new weapons of the industrial revolution. Hong's movement ignites this volatile situation, and Spence captures the result on a breathtaking canvas of clashing armies, daring strategic thrusts, and protracted, deadly sieges. It is a story of historical power with striking resonances today."--BOOK JACKET. Title Summary field provided by Blackwell North America, Inc. All Rights Reserved

An eyewitness account of Tiananmen Spring, available once again to commemorate the ten year anniversary of these historic events of China's recent past

Through a series of lively and absorbing portraits of iconic modern Chinese leaders and thinkers, two of today's foremost specialists on China provide a panoramic narrative of this country's rise to preeminence that is at once analytical and personal. How did a nation, after a long and painful period of dynastic decline, intellectual upheaval, foreign occupation, civil war, and revolution, manage to burst forth onto the world stage with such an impressive run of hyperdevelopment and wealth creation—culminating in the extraordinary dynamism of China today? Wealth and Power answers this question by examining the lives of eleven influential officials, writers, activists, and leaders whose contributions helped create modern China. This fascinating survey begins in the lead-up to the first Opium War with Wei Yuan, the nineteenth-century scholar and reformer who was one of the first to urge China to borrow ideas from the West. It concludes in our time with human-rights advocate and Nobel Peace Prize laureate Liu Xiaobo, an outspoken opponent of single-party rule. Along the way, we meet such titans of Chinese history as the Empress Dowager Cixi, public intellectuals Feng Guifen, Liang Qichao, and Chen Duxiu, Nationalist stalwarts Sun Yat-sen and Chiang Kai-shek, and Communist Party leaders Mao Zedong, Deng Xiaoping, and Zhu Rongji. The common goal that unites all of these disparate figures is their

determined pursuit of fuqiang, “wealth and power.” This abiding quest for a restoration of national greatness in the face of a “century of humiliation” at the hands of the Great Powers came to define the modern Chinese character. It’s what drove both Mao and Deng to embark on root-and-branch transformations of Chinese society, first by means of Marxism-Leninism, then by authoritarian capitalism. And this determined quest remains the key to understanding many of China’s actions today. By unwrapping the intellectual antecedents of today’s resurgent China, Orville Schell and John Delury supply much-needed insight into the country’s tortured progression from nineteenth-century decline to twenty-first-century boom. By looking backward into the past to understand forces at work for hundreds of years, they help us understand China today and the future that this singular country is helping shape for all of us.

NAMED ONE OF THE BEST BOOKS OF THE YEAR BY ST. LOUIS POST-DISPATCH “Superb . . . beautifully written and neatly structured.”—Financial Times “[An] engaging narrative of the intellectual and cultural origins of China’s modern rise.”—The New York Times Book Review “Informative and insightful . . . a must-read for anyone with an interest in the world’s fastest-rising superpower.”—Slate “It does a better job than most other books of answering a basic question the rest of the world naturally asks about China’s recent rise: What does China want?”—The Atlantic “The portraits are beautifully written and bring to life not only their subjects but also the mood and intellectual debates of the times in which they lived.”—Foreign Affairs “Excellent and erudite . . . [The authors] combine scholarly learning with a reportorial appreciation of colorful, revealing details.”—The National Interest “A milestone in Western studies of China.” (John K. Fairbank) In this masterful, highly original approach to modern Chinese history, Jonathan D. Spence shows us the Chinese revolution through the eyes of its most articulate participants—the writers, historians, philosophers, and insurrectionists who shaped and were shaped by the turbulent events of the twentieth century. By skillfully combining literary materials with more conventional sources of political and social history, Spence provides an unparalleled look at China and her people and offers valuable insight into the continuing conflict between the implacable power of the state and the strivings of China’s artists, writers, and thinkers. The Taiping uprising in China, led by Hong Xiuquan, was a massive movement that, in its violent rise & fall between 1845 & 1864, cost 20 million Chinese their lives. The Taiping succeeded in overturning the authority of the ruling Qing dynasty throughout a massive territory in southern China. This the Taiping ruled as their

Heavenly Kingdom from their seat in Nanjing for 11 years, until they were overcome. Spence takes us into the fevered dream world of Hong Xiuquan. Hong's movement ignites the volatile situation of a China ruled by a dynasty in decline, beset by pirates & bandits, pressed by Western traders to embrace opium, Western missionaries the word of God, & arms dealers the new weapons of the industrial revolution. Illustrations. To most, peace is a nebulous term defined mostly in terms of the absence of some other negative thing, such as: strife or anger or even war. Yet biblically, peace is much more. Peace is tangible. Peace is powerful. Peace can change the world around you. This is a spiritual journey that is leading us toward a place of inner peace and healing. Become aware of a higher level of consciousness where we find that place "on Earth as it is in Heaven." This is a location of inner peace and tranquility within the mind. Awaken to an inner reality of heavenly awareness. Find eternity in the silence and peace of the Divine Mind during meditative prayer. This is a place of love and compassion. Reaching a higher level of consciousness elevates our mind to a level of greater intelligence and understanding of our self and each other. The kingdom of God is with us here and now. In this blessed state of being there is peace and unity. We experience unconditional love, forgiveness, and acceptance. There is a blending and union with our higher self. We are then free to create new ways of thinking and living. Chronicles the history of the Chinese Revolution, focusing on the people and events of modern Chinese history, the writings of modern Chinese authors, the issues facing the People's Republic, and more Miracles and mysteries abound for four dear friends and neighbors who each receives a mysterious Christmas item that leads her on a journey of discovery, spiritual healing, and delight. As the women come together to revive the town's beloved Christmas tradition, obstacles and strange "coincidences" come into play, and there's no telling what might happen! One thing is for sure, as the friends follow God's leading they are immersed in the true gifts of the season, and you will be too.
