My Brother, My Enemy Aug 05 2021 Philip Smucker makes an impassioned argument for understanding and reconciliation. Traversing a broad swath of the world's great Islamic societies, from northern Africa to Indonesia, he mingles a multitude of personal experiences with insights and analysis. The ultimate goal is peaceful resolution of the great "war on terror" that pits U.S.-led forces against a wide range of enemies. He avoids demonizing either or any side in a search for a better way of both waging war and making peace. As the title suggests, our enemies also are our brothers, and the war will end only when we recognize our common bond as people with similar yearnings, hopes, and fears.... The author himself sides only with a desire to resolve conflict. He suggests how in a final section devoted to sensitive and colorful first-person reporting from the battlegrounds of Afghanistan. Moving from there to the plain at West Point, he offers criticism and advice that those closest to the war zone may want to consider seriously.-Donald Kirk, Asia expert, correspondent, Christian Science Monitor, author of *Korea Betrayed: Kim Dae Jung and the Struggle for Sunshine*In this kaleidoscopic tour behind the frontlines of the war of ideas, veteran investigative journalist Philip Smucker-the author of the acclaimed *Al Qaeda's Great Escape*-assesses US efforts to persuade Muslims that Americans respect their rights and interests, while we fight wars and promote our interests. He draws on extensive travels in the Muslim world through interviews with a cross-section of the population including students, intellectuals, insurgents and politicians. For an American perspective, the author examines the threat of terrorism and the challenges of winning the peace through candid interviews with US military officers, diplomats, and regional experts.Smucker describes turmoil within the Islamic realm and our efforts to project soft power into a world that remains misunderstood. He assesses both our failures and successes in Israel and Palestine, Egypt, Indonesia, Afghanistan, Pakistan, and Saharan Africa.In contrast to Western fearmongers who use hyperbolic rhetoric about a clash of civilizations and our war with Islamic fascism, Smucker asserts that such language targeting a would-be enemy has only aided and abetted al Qaeda's recruiting drive and hardened attitudes against America among average Muslims.Several themes resonate through Smucker's interviews. One is that the Muslim world is looking for consistent engagement from the United States, particularly in regard to Israeli-Palestinian peace. After decades of paying lip service to the ideal of peace in the Middle East, Smucker shows why it is crucial for the Obama Administration to push forcefully for a two-state solution. Another is that the US must discontinue its policy of backing authoritarian regimes that oppress their people. In the eyes of everyday Muslims, such tactics make a mockery of our claim to be the champion of individual liberty. Muslims, many of whom already support democratic change, will only be convinced of America's good will, says Smucker, if our actions speak louder than our words. Finally, Smucker makes the case that as long as Americans and Muslims view one another with blanket suspicions and as potential enemies, neither side can hope to persuade his brother to see the world in another light. Though there are no silver bullets, pacification, development, and democratic progress should be approached through shifts in American foreign policy, he argues.This revealing, vividly told narrative by a daring and experienced journalist with firsthand knowledge of the events and people in conflict areas offers unforgettable insights into the Muslim world's hopes and fears as well as our own crucial diplomatic overtures and military campaigns across the Islamic world.Philip Smucker (Alexandria, VA) is the author of the highly acclaimed *Al Qaeda's Great Escape*, which broke the story of Osama's Bin Laden's escape. A season

An Intimate History of Humanity Jun 15 2022 'The book that changed my life... a constant companion' Bill Bailey 'Extraordinary and beautiful...the most exciting and ambitious work of non-fiction I have read in more than a decade' The Daily Telegraph This extraordinarily wide-ranging study looks at the dilemmas of life today and shows how they need not have arisen. Portraits of living people and historical figures are placed alongside each other as Zeldin discusses how men and women have lost and regained hope; how they have learnt to have interesting conversations; how some have acquired an immunity to loneliness; how new forms of love and desire have been invented; how respect has become more valued than power; how the art of escaping from one's troubles has developed; why even the privileged are often gloomy; and why parents and children are changing their minds about what they want from each other.

Liem Sioe Liong's Salim Group Jan 18 2020 After Suharto gained power in Indonesia in the mid-1960s, he stayed as the country's president for more than three decades, helped by the powerful military, hefty foreign aid and support from a coterie of cronies. A pivotal business backer for his New Order government was Liem Sioe Liong, a migrant from China, who arrived in Java in 1938. A combination of the Suharto connection, serendipity and personal charm propelled him to become the wealthiest tycoon in Southeast Asia. This is the story of how Liem built the Salim Group, a conglomerate that in its heyday controlled Indonesia's largest non-state bank, the country's dominant cement producer and flour mill, as well as the world's biggest maker of instant noodles. The book features exclusive input from Liem, who died in 2012, and his youngest son, Anthony Salim. It traces the founder's life and the group's symbiosis with Suharto, his generals and family. After the tumultuous 1997-98 Asian financial crisis sparked Suharto's fall and a backlash against the strongman's cronies, Anthony staved off the crushing of the debt-laden group. Told in a journalistic style, the story of the Salim Group provides insights into Suharto's New Order. For business executives, students and anyone with an interest in Southeast Asia's largest economy, the volume makes a valuable contribution towards understanding the country's modern history.

World War II and Southeast Asia Mar 20 2020 From December 1941, Japan, as part of its plan to build an East Asian empire and secure oil supplies essential for war in the Pacific, swiftly took control of Southeast Asia. Japanese occupation had a devastating economic impact on the region. Japan imposed country and later regional autarky on Southeast Asia, dictated that the region finance its own occupation, and sent almost no consumer goods. GDP fell by half everywhere in Southeast Asia except Thailand. Famine and forced labour accounted for most of the 4.4 million Southeast Asian civilian deaths under Japanese occupation. In this ground-breaking new study, Gregg Huff provides the first comprehensive account of the economies and societies of Southeast Asia during

the 1941-1945 Japanese occupation. Drawing on materials from 25 archives over three continents, his economic, social and historical analysis presents a new understanding of Southeast Asian history and development before, during and after the Pacific War.

The New Confessions of an Economic Hit Man Jul 04 2021 Shocking Bestseller: The original version of this astonishing tell-all book spent 73 weeks on the New York Times bestseller list, has sold more than 1.25 million copies, and has been translated into 32 languages. New Revelations: Featuring 15 explosive new chapters, this expanded edition of Perkins's classic bestseller brings the story of economic hit men (EHMs) up to date and, chillingly, home to the US. Over 40 percent of the book is new, including chapters identifying today's EHMs and a detailed chronology extensively documenting EHM activity since the first edition was published in 2004. Former economic hit man John Perkins shares new details about the ways he and others cheated countries around the globe out of trillions of dollars. Then he reveals how the deadly EHM cancer he helped create has spread far more widely and deeply than ever in the US and everywhere else—to become the dominant system of business, government, and society today. Finally, he gives an insider view of what we each can do to change it. Economic hit men are the shock troops of what Perkins calls the corporatocracy, a vast network of corporations, banks, colluding governments, and the rich and powerful people tied to them. If the EHMs can't maintain the corrupt status quo through nonviolent coercion, the jackal assassins swoop in. The heart of this book is a completely new section, over 100 pages long, that exposes the fact that all the EHM and jackal tools—false economics, false promises, threats, bribes, extortion, debt, deception, coups, assassinations, unbridled military power—are used around the world today exponentially more than during the era Perkins exposed over a decade ago. The material in this new section ranges from the Seychelles, Honduras, Ecuador, and Libya to Turkey, Western Europe, Vietnam, China, and, in perhaps the most unexpected and sinister development, the United States, where the new EHMs—bankers, lobbyists, corporate executives, and others—“con governments and the public into submitting to policies that make the rich richer and the poor poorer.” But as dark as the story gets, this reformed EHM also provides hope. Perkins offers a detailed list of specific actions each of us can take to transform what he calls a failing Death Economy into a Life Economy that provides sustainable abundance for all.

Endless Holocausts Mar 12 2022 An argument against the myth of "American exceptionalism" Endless Holocausts: Mass Death in the History of the United States Empire helps us to come to terms with what we have long suspected: the rise of the U.S. Empire has relied upon an almost unimaginable loss of life, from its inception during the European colonial period, to the present. And yet, in the face of a series of endless holocausts at home and abroad, the doctrine of American exceptionalism has plagued the globe for over a century. However much the ruling class insists on U.S. superiority, we find ourselves in the midst of a sea change. Perpetual wars, deteriorating economic conditions, the resurgence of white supremacy, and the rise of the Far Right have led millions of people to abandon their illusions about this country. Never before have so many people rejected or questioned traditional platitudes about the United States. In Endless Holocausts author David Michael Smith demolishes the myth of exceptionalism by demonstrating that manifold forms of mass death, far from being unfortunate exceptions to an otherwise benign historical record, have been indispensable in the rise of the wealthiest and most powerful imperium in the history of the world. At the same time, Smith points to an extraordinary history of resistance by Indigenous peoples, people of African descent, people in other nations brutalized by U.S. imperialism, workers, and democratic-minded people around the world determined to fight for common dignity and the sake of the greater good.

The Postcolonial State in Africa Jan 30 2021 "A highly readable, sweeping, and yet detailed analysis of the African state in all its failures and moments of hope. Crawford Young manages to touch upon all the important issues in the discipline and crucial developments in the recent history of the African continent. This book will be a classic."---Pierre Englebort, author of Africa Unity, Sovereignty, and Sorrow --

The Rise of Theodore Roosevelt Oct 19 2022 WINNER OF THE PULITZER PRIZE AND THE NATIONAL BOOK AWARD • One of Modern Library's 100 best nonfiction books of all time • One of Esquire's 50 best biographies of all time "A towering biography . . . a brilliant chronicle."—Time This classic biography is the story of seven men—a naturalist, a writer, a lover, a hunter, a ranchman, a soldier, and a politician—who merged at age forty-two to become the youngest President in history. The Rise of Theodore Roosevelt begins at the apex of his international prestige. That was on New Year's Day, 1907, when TR, who had just won the Nobel Peace Prize, threw open the doors of the White House to the American people and shook 8,150 hands. One visitor remarked afterward, "You go to the White House, you shake hands with Roosevelt and hear him talk—and then you go home to wring the personality out of your clothes." The rest of this book tells the story of TR's irresistible rise to power. During the years 1858–1901, Theodore Roosevelt transformed himself from a frail, asthmatic boy into a full-blooded man. Fresh out of Harvard, he simultaneously published a distinguished work of naval history and became the fist-swinging leader of a Republican insurgency in the New York State Assembly. He chased thieves across the Badlands of North Dakota with a copy of Anna Karenina in one hand and a Winchester rifle in the other. Married to his childhood sweetheart in 1886, he became the country squire of Sagamore Hill on Long Island, a flamboyant civil service reformer in Washington, D.C., and a night-stalking police commissioner in New York City. As assistant secretary of the navy, he almost single-handedly brought about the Spanish-American War. After leading "Roosevelt's Rough Riders" in the famous charge up San Juan Hill, Cuba, he returned home a military hero, and was rewarded with the governorship of New York. In what he called his "spare hours" he fathered six children and wrote fourteen books. By 1901, the man Senator Mark Hanna called "that damned cowboy" was vice president. Seven months later, an assassin's bullet gave TR the national leadership he had always craved. His is a story so prodigal in its variety, so surprising in its turns of fate, that previous biographers have treated it as a series of haphazard episodes. This book, the only full study of TR's pre-presidential years, shows that he was an inevitable chief executive. "It was as if he were subconsciously aware that he was a man of many selves," the author writes, "and set about developing each one in turn, knowing that one day he would be President of all the people."

The Cave of Destiny; Or, the Enchantress of the Forest of Fontanbleau, Etc Jul 24 2020

Making Foreign Investment Safe Apr 13 2022 Publisher description

Theodore Roosevelt Jun 22 2020 Joshua Hawley examines Roosevelt's political thought to arrive at a revised understanding of his legacy. He sees Roosevelt as galvanizing a 20-year period of reform that permanently altered American politics and Americans' expectations for government social progress and presidents.

Theodore Roosevelt and Six Friends of the Indian Jul 16 2022 Each of these men attempted to influence the implementation of Indian policy. All had had some contact with Roosevelt prior to his presidency, and some had sought his intercession on Indian affairs when he served as Civil Service commissioner, governor of New York, and U.S. vice president.

The Soul of America Jun 03 2021 #1 NEW YORK TIMES BESTSELLER • Pulitzer Prize–winning author Jon Meacham helps us understand the present moment in American politics and life by looking back at critical times in our history when hope overcame division and fear. ONE OF OPRAH'S "BOOKS THAT HELP ME THROUGH" • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR • The Christian Science Monitor • Southern Living Our current climate of partisan fury is not new, and in *The Soul of America* Meacham shows us how what Abraham Lincoln called the "better angels of our nature" have repeatedly won the day. Painting surprising portraits of Lincoln and other presidents, including Ulysses S. Grant, Theodore Roosevelt, Woodrow Wilson, Franklin D. Roosevelt, Harry S. Truman, Dwight Eisenhower, and Lyndon B. Johnson, and illuminating the courage of such influential citizen activists as Martin Luther King, Jr., early suffragettes Alice Paul and Carrie Chapman Catt, civil rights pioneers Rosa Parks and John Lewis, First Lady Eleanor Roosevelt, and Army-McCarthy hearings lawyer Joseph N. Welch, Meacham brings vividly to life turning points in American history. He writes about the Civil War, Reconstruction, and the birth of the Lost Cause; the backlash against immigrants in the First World War and the resurgence of the Ku Klux Klan in the 1920s; the fight for women's rights; the demagoguery of Huey Long and Father Coughlin and the isolationist work of America First in the years before World War II; the anti-Communist witch-hunts led by Senator Joseph McCarthy; and Lyndon Johnson's crusade against Jim Crow. Each of these dramatic hours in our national life have been shaped by the contest to lead the country to look forward rather than back, to assert hope over fear—a struggle that continues even now. While the American story has not always—or even often—been heroic, we have been sustained by a belief in progress even in the gloomiest of times. In this inspiring book, Meacham reassures us, "The good news is that we have come through such darkness before"—as, time and again, Lincoln's better angels have found a way to prevail. Praise for *The Soul of America* "Brilliant, fascinating, timely . . . With compelling narratives of past eras of strife and disenchantment, Meacham offers wisdom for our own time."—Walter Isaacson "Gripping and inspiring, *The Soul of America* is Jon Meacham's declaration of his faith in America."—Newsday "Meacham gives readers a long-term perspective on American history and a reason to believe the soul of America is ultimately one of kindness and caring, not rancor and paranoia."—USA Today

The Dark Side of Paradise Feb 28 2021

Indonesia Oct 15 2019 Rev. ed. of: Indonesia edited by Frederica M. Bunge, 4th ed. 1983.

A Muslim Archipelago Nov 08 2021 Southeast Asia continues to beckon policymakers and scholars alike to revisit its history in spite of the tomes of appraisals already written, deconstructive or otherwise. Because of a significant presence of Muslims in the region, and particularly in the wake of 9/11, it invariably attracts the attention of foreign powers drawn by the specter of terrorism and focused on rooting out radical Islamist groups said to be working with al-Qaeda. Dr. Max Gross has written an impressive account of the role of Islam in the politics of Southeast Asia, anchored by a strong historical perspective and a comprehensive treatment of current affairs. The result is very much a post-9/11 book. The origins of Jemaah Islamiyah and its connections with al-Qaeda are carefully detailed. Yet, unlike much of the post-9/11 analysis of the Muslim world, Dr. Gross's research has been successful in placing the phenomenon of terrorism within a larger perspective. While recognizing that al-Qaeda's influence on regional terror networks remains unclear, it behooves us to be reminded that, regardless of the nature and extent of the linkages, to dismiss terrorism as a serious threat to security would be naive to the point of recklessness. The Muslim Archipelago is a profoundly Islamic region, and Jemaah Islamiyah is only a small portion of this reality. The attention Dr. Gross pays to ABIM in Malaysia, of which I was a part, and the civil Islam movement in Indonesia, of which the late Nurcholish Madjid was a principal spokesman, is greatly appreciated. Those unfamiliar with the background and role of the traditional Islamic PAS party in Malaysia, as well as the Darul Islam movement in Indonesia, will find the author's account highly beneficial. The MNLF, the MILF, and Abu Sayyaf in the Philippines, as well as the various Islamic movements in southern Thailand, are also carefully explained.

Manifest Destiny Feb 11 2022 A rollicking adventure starring a young Theodore Roosevelt In 1884, Teddy Roosevelt's political career is dead in the water. A New York state assemblyman with eyes on national office, he finds his ambitions thwarted just months after his wife and infant daughter pass away. Frustrated by politics, he retires to the American West to ride, ranch, and hunt buffalo in the Dakota Badlands. Nobody tells him that the buffalo are gone. He arrives in Dakota a greenhorn, awkward in the saddle and unused to Western clothes. But his aristocratic charm, natural intelligence, and love of nature impress the hardened frontiersmen, forming a bond that lasts the rest of their lives. When a wealthy French marquis threatens the pristine country he has fallen in love with, Roosevelt joins with the Dakotans to defend it. Before the presidency, before San Juan Hill, it was in Dakota that Theodore Roosevelt became a man.

Ike Would Be Proud Sep 25 2020 Dick Peterson has written this book about the Eisenhower Fellows, and for the Fellows. He has chosen to focus on two very visible examples of the Fellows leadership and networking the Irish Peace Process and ProyectoCities. As an active EF Trustee since 1994, Dick has become convinced that these models can be adapted and applied by Fellows around the world in ways that will make a real difference in their communities and regions. He is absolutely right. I am confident that his two case studies will serve as inspiration to many other groups of Eisenhower Fellows who are already working together to make a difference. Adrian A. Basora Adrian Basora is President of the Eisenhower Fellowships. He is a former U.S. Ambassador to the Czech Republic. Adrian was Ambassador to Czechoslovakia at the time of the Velvet Revolution which created a separate Slovakia from the Czech Republic. Dick Peterson has splendidly combined his experience as a CEO, his command of organizational development, and affection for Eisenhower Fellowships. The result is a fertile study of two of the most important team projects among Fellows, of which many more are latent around the world. Theodore Friend Theodore Friend, former President of Swarthmore College, and President Emeritus of Eisenhower Fellowships, was awarded the Bancroft Prize for his book on Philippine-American history, *Between Two Empires*. His other books include *The Blue-Eyed Enemy* and *Family Laundry*, a novel. Dr. Friend is presently a Senior Fellow at the Foreign Policy Research Institute in Philadelphia. His latest book, *Indonesian Destinies* (Harvard University Press, 2003) penetrates events that gave birth to the

worlds fourth largest nation and assesses the continuing dangers that threaten its security.

Confessions of an Economic Hit Man Apr 01 2021 "Economic hit men," John Perkins writes, "are highly paid professionals who cheat countries around the globe out of trillions of dollars. Their tools include fraudulent financial reports, rigged elections, payoffs, extortion, sex, and murder." John Perkins should know—he was an economic hit man. His job was to convince countries that are strategically important to the U.S.—from Indonesia to Panama—to accept enormous loans for infrastructure development, and to make sure that the lucrative projects were contracted to U. S. corporations. Saddled with huge debts, these countries came under the control of the United States government, World Bank and other U.S.-dominated aid agencies that acted like loan sharks—dictating repayment terms and bullying foreign governments into submission. This New York Times bestseller exposes international intrigue, corruption, and little-known government and corporate activities that have dire consequences for American democracy and the world. It is a compelling story that also offers hope and a vision for realizing the American dream of a just and compassionate world that will bring us greater security.

An American Tragedy Jan 10 2022 Theodore Dreiser's *An American Tragedy* (1925) is a novel about the harsh realities of American life. Based on an actual murder case, the story concerns a young man, Clyde Griffiths, who is born into a religious family. His life changes when he takes work as a bellboy in a hotel in Kansas City and is exposed to the world of alcohol and prostitution. Griffiths's affair with a girl, Roberta, results in pregnancy, and she expects to marry him. But by now Clyde loves another woman.

Death Du Jour Dec 21 2022

Honor in the Dust Feb 17 2020 "Fascinating."—New York Times Book Review • "Well-written."—The Boston Globe • "Extraordinary."—The Christian Science Monitor • "A compelling page-turner."—Adam Hochschild On the eve of a new century, an up-and-coming Theodore Roosevelt set out to transform the U.S. into a major world power. The Spanish-American War would forever change America's standing in global affairs, and drive the young nation into its own imperial showdown in the Philippines. From Admiral George Dewey's legendary naval victory in Manila Bay to the Rough Riders' heroic charge up San Juan Hill, from Roosevelt's rise to the presidency to charges of U.S. military misconduct in the Philippines, *Honor in the Dust* brilliantly captures an era brimming with American optimism and confidence as the nation expanded its influence abroad.

Slaughterhouse-Five May 02 2021 Kurt Vonnegut's masterpiece, *Slaughterhouse-Five* is "a desperate, painfully honest attempt to confront the monstrous crimes of the twentieth century" (Time). Selected by the Modern Library as one of the 100 best novels of all time *Slaughterhouse-Five*, an American classic, is one of the world's great antiwar books. Centering on the infamous World War II firebombing of Dresden, the novel is the result of what Kurt Vonnegut described as a twenty-three-year struggle to write a book about what he had witnessed as an American prisoner of war. It combines historical fiction, science fiction, autobiography, and satire in an account of the life of Billy Pilgrim, a barber's son turned draftee turned optometrist turned alien abductee. As Vonnegut had, Billy experiences the destruction of Dresden as a POW. Unlike Vonnegut, he experiences time travel, or coming "unstuck in time." An instant bestseller, *Slaughterhouse-Five* made Kurt Vonnegut a cult hero in American literature, a reputation that only strengthened over time, despite his being banned and censored by some libraries and schools for content and language. But it was precisely those elements of Vonnegut's writing—the political edginess, the genre-bending inventiveness, the frank violence, the transgressive wit—that have inspired generations of readers not just to look differently at the world around them but to find the confidence to say something about it. Authors as wide-ranging as Norman Mailer, John Irving, Michael Crichton, Tim O'Brien, Margaret Atwood, Elizabeth Strout, David Sedaris, Jennifer Egan, and J. K. Rowling have all found inspiration in Vonnegut's words. Jonathan Safran Foer has described Vonnegut as "the kind of writer who made people—young people especially—want to write." George Saunders has declared Vonnegut to be "the great, urgent, passionate American writer of our century, who offers us . . . a model of the kind of compassionate thinking that might yet save us from ourselves." More than fifty years after its initial publication at the height of the Vietnam War, Vonnegut's portrayal of political disillusionment, PTSD, and postwar anxiety feels as relevant, darkly humorous, and profoundly affecting as ever, an enduring beacon through our own era's uncertainties.

Norman Hamilton, or, The shadow of destiny May 14 2022

Theodore Rex Sep 18 2022 NEW YORK TIMES BESTSELLER • "A shining portrait of a presciently modern political genius maneuvering in a gilded age of wealth, optimism, excess and American global ascension."—San Francisco Chronicle WINNER OF THE LOS ANGELES TIMES BOOK PRIZE FOR BIOGRAPHY • "[Theodore Rex] is one of the great histories of the American presidency, worthy of being on a shelf alongside Henry Adams's volumes on Jefferson and Madison."—Times Literary Supplement *Theodore Rex* is the story—never fully told before—of Theodore Roosevelt's two world-changing terms as President of the United States. A hundred years before the catastrophe of September 11, 2001, "TR" succeeded to power in the aftermath of an act of terrorism. Youngest of all our chief executives, he rallied a stricken nation with his superhuman energy, charm, and political skills. He proceeded to combat the problems of race and labor relations and trust control while making the Panama Canal possible and winning the Nobel Peace Prize. But his most historic achievement remains his creation of a national conservation policy, and his monument millions of acres of protected parks and forest. *Theodore Rex* ends with TR leaving office, still only fifty years old, his future reputation secure as one of our greatest presidents.

The River of Doubt Dec 09 2021 NATIONAL BESTSELLER • At once an incredible adventure narrative and a penetrating biographical portrait—the bestselling author of *Destiny of the Republic* brings us the true story of Theodore Roosevelt's harrowing exploration of one of the most dangerous rivers on earth. The River of Doubt—it is a black, uncharted tributary of the Amazon that snakes through one of the most treacherous jungles in the world. Indians armed with poison-tipped arrows haunt its shadows; piranhas glide through its waters; boulder-strewn rapids turn the river into a roiling cauldron. After his humiliating election defeat in 1912, Roosevelt set his sights on the most punishing physical challenge he could find, the first descent of an unmapped, rapids-choked tributary of the Amazon. Together with his son Kermit and Brazil's most famous explorer, Cândido Mariano da Silva Rondon, Roosevelt accomplished a feat so great that many at the time refused to believe it. In the process, he changed the map of the western hemisphere forever. Along the way, Roosevelt and his men faced an unbelievable series of hardships, losing their canoes and supplies

to punishing whitewater rapids, and enduring starvation, Indian attack, disease, drowning, and a murder within their own ranks. Three men died, and Roosevelt was brought to the brink of suicide. The River of Doubt brings alive these extraordinary events in a powerful nonfiction narrative thriller that happens to feature one of the most famous Americans who ever lived. From the soaring beauty of the Amazon rain forest to the darkest night of Theodore Roosevelt's life, here is Candice Millard's dazzling debut.

Franklin and Winston Aug 17 2022 NEW YORK TIMES BESTSELLER The most complete portrait ever drawn of the complex emotional connection between two of history's towering leaders Franklin Roosevelt and Winston Churchill were the greatest leaders of "the Greatest Generation." In *Franklin and Winston*, Jon Meacham explores the fascinating relationship between the two men who piloted the free world to victory in World War II. It was a crucial friendship, and a unique one—a president and a prime minister spending enormous amounts of time together (113 days during the war) and exchanging nearly two thousand messages. Amid cocktails, cigarettes, and cigars, they met, often secretly, in places as far-flung as Washington, Hyde Park, Casablanca, and Teheran, talking to each other of war, politics, the burden of command, their health, their wives, and their children. Born in the nineteenth century and molders of the twentieth and twenty-first, Roosevelt and Churchill had much in common. Sons of the elite, students of history, politicians of the first rank, they savored power. In their own time both men were underestimated, dismissed as arrogant, and faced skeptics and haters in their own nations—yet both magnificently rose to the central challenges of the twentieth century. Theirs was a kind of love story, with an emotional Churchill courting an elusive Roosevelt. The British prime minister, who rallied his nation in its darkest hour, standing alone against Adolf Hitler, was always somewhat insecure about his place in FDR's affections—which was the way Roosevelt wanted it. A man of secrets, FDR liked to keep people off balance, including his wife, Eleanor, his White House aides—and Winston Churchill. Confronting tyranny and terror, Roosevelt and Churchill built a victorious alliance amid cataclysmic events and occasionally conflicting interests. *Franklin and Winston* is also the story of their marriages and their families, two clans caught up in the most sweeping global conflict in history. Meacham's new sources—including unpublished letters of FDR's great secret love, Lucy Mercer Rutherford, the papers of Pamela Churchill Harriman, and interviews with the few surviving people who were in FDR and Churchill's joint company—shed fresh light on the characters of both men as he engagingly chronicles the hours in which they decided the course of the struggle. Hitler brought them together; later in the war, they drifted apart, but even in the autumn of their alliance, the pull of affection was always there. Charting the personal drama behind the discussions of strategy and statecraft, Meacham has written the definitive account of the most remarkable friendship of the modern age.

The True Flag Sep 06 2021 The bestselling author of *Overthrow* and *The Brothers* brings to life the forgotten political debate that set America's interventionist course in the world for the twentieth century and beyond. How should the United States act in the world? Americans cannot decide. Sometimes we burn with righteous anger, launching foreign wars and deposing governments. Then we retreat—until the cycle begins again. No matter how often we debate this question, none of what we say is original. Every argument is a pale shadow of the first and greatest debate, which erupted more than a century ago. Its themes resurface every time Americans argue whether to intervene in a foreign country. Revealing a piece of forgotten history, Stephen Kinzer transports us to the dawn of the twentieth century, when the United States first found itself with the chance to dominate faraway lands. That prospect thrilled some Americans. It horrified others. Their debate gripped the nation. The country's best-known political and intellectual leaders took sides. Theodore Roosevelt, Henry Cabot Lodge, and William Randolph Hearst pushed for imperial expansion; Mark Twain, Booker T. Washington, and Andrew Carnegie preached restraint. Only once before—in the period when the United States was founded—have so many brilliant Americans so eloquently debated a question so fraught with meaning for all humanity. All Americans, regardless of political perspective, can take inspiration from the titans who faced off in this epic confrontation. Their words are amazingly current. Every argument over America's role in the world grows from this one. It all starts here.

The Hour of Fate Jan 22 2023 A riveting narrative of Wall Street buccaneering, political intrigue, and two of American history's most colossal characters, struggling for mastery in an era of social upheaval and rampant inequality. It seemed like no force in the world could slow J. P. Morgan's drive to power. In the summer of 1901, the financier was assembling his next mega-deal: Northern Securities, an enterprise that would affirm his dominance in America's most important industry—the railroads. Then, a bullet from an anarchist's gun put an end to the business-friendly presidency of William McKinley. A new chief executive bounded into office: Theodore Roosevelt. He was convinced that as big business got bigger, the government had to check the influence of the wealthiest or the country would inch ever closer to collapse. By March 1902, battle lines were drawn: the government sued Northern Securities for antitrust violations. But as the case ramped up, the coal miners' union went on strike and the anthracite pits that fueled Morgan's trains and heated the homes of Roosevelt's citizens went silent. With millions of dollars on the line, winter bearing down, and revolution in the air, it was a crisis that neither man alone could solve. Richly detailed and propulsively told, *The Hour of Fate* is the gripping story of a banker and a president thrown together in the crucible of national emergency even as they fought in court. The outcome of the strike and the case would change the course of our history. Today, as the country again asks whether saving democracy means taming capital, the lessons of Roosevelt and Morgan's time are more urgent than ever. Winner of the 2021 Theodore Roosevelt Association Book Prize Finalist for the Presidential Leadership Book Award

Island of Vice May 22 2020 A ROLLICKING NARRATIVE HISTORY OF THEODORE ROOSEVELT'S EMBATTLED TENURE AS POLICE COMMISSIONER OF CORRUPT, PLEASURE-LOVING NEW YORK CITY IN THE 1880s, AND HIS DOOMED MISSION TO WIPE OUT VICE In the 1890s, New York City was America's financial, manufacturing, and entertainment capital, and also its preferred destination for sin, teeming with 40,000 prostitutes, glittering casinos, and all-night dives packed onto the island's two dozen square miles. Police captains took hefty bribes to see nothing while reformers writhed in frustration. In *Island of Vice*, bestselling author Richard Zacks paints a vivid picture of the lewd underbelly of 1890s New York, and of Theodore Roosevelt, the cocksure crusading police commissioner who resolved to clean up the bustling metropolis, where the silk top hats of Wall Street bobbed past teenage prostitutes trawling Broadway. Writing with great wit and zest, Zacks explores how Roosevelt went head-to-head with corrupt Tammany Hall, took midnight rambles with muckraker Jacob Riis, banned barroom drinking on Sundays, and tried to convince 2 million New Yorkers to enjoy wholesome family fun. In doing so, Teddy made a ruthless enemy of police captain "Big Bill" Devery, who grew up in the Irish slums

and never tired of fighting “tin soldier” reformers. Roosevelt saw his mission as a battle of good versus evil; Devery saw prudery standing in the way of fun and profit. When righteous Roosevelt’s vice crackdown started to succeed all too well, many of his own supporters began to turn on him. Cynical newspapermen mocked his quixotic quest, his own political party abandoned him, and Roosevelt discovered that New York loves its sin more than its salvation. Zacks’s meticulous research and wonderful sense of narrative verve bring this disparate cast of both pious and bawdy New Yorkers to life. With cameos by Stephen Crane, J. P. Morgan, and Joseph Pulitzer, plus a horde of very angry cops, *Island of Vice* is an unforgettable portrait of turn-of-the-century New York in all its seedy glory, and a brilliant portrayal of the energetic, confident, and zealous Roosevelt, one of America’s most colorful public figures.

Brief History of Indonesia Nov 27 2020 Sultans, Spices, and Tsunamis: The Incredible Story of the World's Largest Archipelago Indonesia is by far the largest nation in Southeast Asia and has the fourth largest population in the world after the United States. Indonesian history and culture are especially relevant today as the Island nation is an emerging power in the region with a dynamic new leader. It is a land of incredible diversity and unending paradoxes that has a long and rich history stretching back a thousand years and more. Indonesia is the fabled "Spice Islands" of every school child's dreams—one of the most colorful and fascinating countries in history. These are the islands that Europeans set out on countless voyages of discovery to find and later fought bitterly over in the 15th, 16th and 17th centuries. This was the land that Christopher Columbus sought, and Magellan actually reached and explored. One tiny Indonesian island was even exchanged for the island of Manhattan in 1667! This fascinating history book tells the story of Indonesia as a narrative of kings, traders, missionaries, soldiers and revolutionaries, featuring stormy sea crossings, fiery volcanoes, and the occasional tiger. It recounts the colorful visits of foreign travelers who have passed through these shores for many centuries—from Chinese Buddhist pilgrims and Dutch adventurers to English sea captains and American movie stars. For readers who want an entertaining introduction to Asia's most fascinating country, this is delightful reading.

Churchill Nov 15 2019 NEW YORK TIMES BESTSELLER One of The Wall Street Journal’s Ten Best Books of 2018 One of The Economist’s Best Books of 2018 One of The New York Times’s Notable Books of 2018 “Unarguably the best single-volume biography of Churchill . . . A brilliant feat of storytelling, monumental in scope, yet put together with tenderness for a man who had always believed that he would be Britain’s savior.” —Wall Street Journal In this landmark biography of Winston Churchill based on extensive new material, the true genius of the man, statesman and leader can finally be fully seen and understood—by the bestselling, award-winning author of *Napoleon* and *The Last King of America*. When we seek an example of great leaders with unalloyed courage, the person who comes to mind is Winston Churchill: the iconic, visionary war leader immune from the consensus of the day, who stood firmly for his beliefs when everyone doubted him. But how did young Winston become Churchill? What gave him the strength to take on the superior force of Nazi Germany when bombs rained on London and so many others had caved? In *Churchill*, Andrew Roberts gives readers the full and definitive Winston Churchill, from birth to lasting legacy, as personally revealing as it is compulsively readable. Roberts gained exclusive access to extensive new material: transcripts of War Cabinet meetings, diaries, letters and unpublished memoirs from Churchill’s contemporaries. The Royal Family permitted Roberts—in a first for a Churchill biographer—to read the detailed notes taken by King George VI in his diary after his weekly meetings with Churchill during World War II. This treasure trove of access allows Roberts to understand the man in revelatory new ways, and to identify the hidden forces fueling Churchill's legendary drive. We think of Churchill as a hero who saved civilization from the evils of Nazism and warned of the grave crimes of Soviet communism, but Roberts's masterwork reveals that he has as much to teach us about the challenges leaders face today—and the fundamental values of courage, tenacity, leadership and moral conviction.

Destiny of the Republic Nov 20 2022 NATIONAL BESTSELLER • The extraordinary account of James Garfield's rise from poverty to the American presidency, and the dramatic history of his assassination and legacy, from the bestselling author of *The River of Doubt*. James Abram Garfield was one of the most extraordinary men ever elected president. Born into abject poverty, he rose to become a wunderkind scholar, a Civil War hero, a renowned congressman, and a reluctant presidential candidate who took on the nation's corrupt political establishment. But four months after Garfield's inauguration in 1881, he was shot in the back by a deranged office-seeker named Charles Guiteau. Garfield survived the attack, but become the object of bitter, behind-the-scenes struggles for power—over his administration, over the nation's future, and, hauntingly, over his medical care. Meticulously researched, epic in scope, and pulsating with an intimate human focus and high-velocity narrative drive, *The Destiny of the Republic* brings alive a forgotten chapter of U.S. history.

Discipline Is Destiny Apr 20 2020 The instant New York Times, Wall Street Journal, and USA Today Bestseller! In his New York Times bestselling book *Courage is Calling*, author Ryan Holiday made the Stoic case for a bold and brave life. In this much-anticipated second book of his *Stoic Virtue* series, Holiday celebrates the awesome power of self-discipline and those who have seized it. To master anything, one must first master themselves—one’s emotions, one’s thoughts, one’s actions. Eisenhower famously said that freedom is really the opportunity to practice self-discipline. Cicero called the virtue of temperance the polish of life. Without boundaries and restraint, we risk not only failing to meet our full potential and jeopardizing what we have achieved, but we ensure misery and shame. In a world of temptation and excess, this ancient idea is more urgent than ever. In *Discipline is Destiny*, Holiday draws on the stories of historical figures we can emulate as pillars of self-discipline, including Lou Gehrig, Queen Elizabeth II, boxer Floyd Patterson, Marcus Aurelius and writer Toni Morrison, as well as the cautionary tales of Napoleon, F. Scott Fitzgerald and Babe Ruth. Through these engaging examples, Holiday teaches readers the power of self-discipline and balance, and cautions against the perils of extravagance and hedonism. At the heart of Stoicism are four simple virtues: courage, temperance, justice, and wisdom. Everything else, the Stoics believed, flows from them. *Discipline is Destiny* will guide readers down the path to self-mastery, upon which all the other virtues depend. *Discipline is predictive*. You cannot succeed without it. And if you lose it, you cannot help but bring yourself failure and unhappiness.

We Will Stand by You Dec 29 2020 This view of the war from the mess deck of a fleet tug is far different from those written from a flag bridge vantage. A Navy radio man, Ted Mason recalls his years of action in the Pacific with candor and humor, offering perceptive evaluations of shipmates and exhibiting cool skepticism toward his leaders. The USS *Pawnee* rescued many ships during her 25-month tour of the South and Western Pacific, and this story of the heroics performed by her crew makes intriguing reading.

Woman, Man, and God in Modern Islam Oct 27 2020 Award-winning historian Theodore Friend recently set out alone across Asia and the Middle East on a quest to understand firsthand the life

situations of women in Indonesia, Pakistan, Saudi Arabia, Iran, and Turkey. *Woman, Man, and God in Modern Islam* recounts Friend's remarkable journey and relates hundreds of encounters and conversations with people he met along the way. Commingling a deep respect for Islam and his faith in the potential of women to change their worlds, Friend presents an open, exploratory outsider's perspective on women in five very different Islamic cultures timely fare for all who wish to broaden their world horizons.

Battleship Sailor Aug 25 2020 Vigorous and highly readable, this portrait of the enlisted man's life aboard the U.S. battleship *California* depicts the devastation at Pearl Harbor from the hazardous vantage point of the open "birdbath" atop the mainmast.

A Muslim Archipelago Oct 07 2021 This book is with a contemporary focus. Author, Dr. Max Gross's purpose is to use history to explain today's Islamic insurgencies in Indonesia, Malaysia, Thailand, and the Philippines and to offer perspectives for the future. *Muslim Archipelago's* unique contribution is that it brings together in one reference a mass of information on the insurgencies in Southeast Asia. The country accounts are detailed and thorough as to events, organizations, dates, and participants. The chronological context provides Dr. Gross the opportunity to give insights about historical casualty. His accounting highlights the interaction of the insurgencies within Southeast Asia and their international connection outside the region. The detailed presentations in the chapters on Indonesia and Philippines are especially fruitful. Included in this nearly 280 page book are detailed four-color regional maps, charts, and historical photos spread throughout the text. An extensive bibliography and index are included.

Indonesian Destinies Feb 23 2023 How can such a gentle people as we are be so murderous? a prominent Indonesian asks. That question--and the mysteries of the archipelago's vast contradictions--haunt Theodore Friend's remarkable work, a narrative of Indonesia during the last half century, from the postwar revolution against Dutch imperialism to the unrest of today. Part history, part meditation on a place and a past observed firsthand, *Indonesian Destinies* penetrates events that gave birth to the world's fourth largest nation and assesses the continuing dangers that threaten to tear it apart. Friend reveals Sukarno's character through wartime collaboration with Japan, and Suharto's through the mass murder of communists that brought him to power for thirty-two years. He guides our understanding of the tolerant forms of Islam prevailing among the largest Muslim population in the world, and shows growing tensions generated by international terrorism. Drawing on a deep knowledge of the country's cultures, its leaders, and its ordinary people, Friend gives a human face and a sense of immediacy to the self-inflicted failures and immeasurable tragedies that cast a shadow over Indonesia's past and future. A clear and compelling passion shines through this richly illustrated work. Rarely have narrative history and personal historical witness been so seamlessly joined.
