"An impressive achievement. Much more than a cautionary tale or a back-to-the-land parable, Simon Heath's trilogy of novels is foremost a warm, generous meditation on an abiding truth underpinning individual lives and societies alike. Always, there are challenges and upsets; always, love, family, and community sees us through the worst of it, and shows us the best." -Charles Foran, author of *Mordecai* and *Planet Lolita* "When Everything Falls Apart is a hyper-realistic account of ordinary people caught in a world without power, and a handbook for survival in an all-too-believable future. It's also a hell of a good read." -Brent Preston, author of *The New Farm: Our Ten Years on the Front Lines of the Good Food Revolution* Brian and Karen are in the midst of mid-life crises, their marriage falling apart, the things that used to drive them suddenly without meaning. It's a bad time for a second pregnancy. And then the power goes out. And stays out. When a massive solar flare knocks out the world's electric grids, Brian, an extremely pregnant Karen and their 8 year-old daughter Robin find themselves in the middle of a city that is wholly unprepared for an emergency of this magnitude. In the Oakland, California, of 1989, Mirai San Julian is a young woman with a fascinating life and a rich past. She restores historic carousels -- her dream career -- working from her own studio in a former roller skating rink. Though black herself, she spent her first years in a Basque immigrant community in Nevada, the adopted child of a single mother. And after the mother's death, she was raised by her Aunt Joy in a Catholic Worker house. Mirai has a lot going for her -- but then, why is everything suddenly falling apart? Her current, year-long carousel project is

veering crazily out of control, in both schedule and budget. The guy who dumped her only months before has shown up married and -- as far as Mirai is concerned -- to the worst possible person. Her mother's death long ago is looking less and less like an accident. And Joy, the one person who has had her complete trust, may know more about that death than she has let Mirai believe. Mirai knows how to restore a carousel, but can she restore relationships with those she loves? Can she strip the old paint of past wrongs to prepare her life for new, more vibrant colors? And will her eyes be clear enough to spot the brass ring when it finally comes within reach?

////////// Anne L. Watson, a retired historic preservation architecture consultant, is the author of several novels, plus books on such diverse subjects as soapmaking and baking with cookie molds. She currently lives in Bellingham, Washington, with her husband and fellow author, Aaron Shepard. ////////// SAMPLE Next morning, I picked out Will's car parked on the street in front of the coffee shop. No room for doubt -- Will had a real screamer of a car, an old red Mustang convertible. Not that he described it that way. His version started off with "1964-1/2" for the model year and "poppy red" for the color, then veered into details about the color of certain key engine parts -- at which point I had always zoned out so far, I didn't hear the rest of the speech. There it sat, parked at the curb in Peregrine Falls, Idaho, already collecting a few admirers. Not even counting the vanity plate -- ORGAN4U -- the car had so much of Will's personality attached to it, I felt mildly nauseated. As an alternative to kicking a fender, I slammed into the coffee shop. "Whoa, Mirai! Remember us?" The crew had gathered at the only big table in the Clearwater Cafe. I'd been so wrapped up in my own problems, I hadn't even seen them. They were all there -- Evangeline, Harvey, Mr. Papadakis. And Will. Neither fight nor flight was practical. I sat down at the table. The waitress hurried to me with a coffeepot and mug. I ordered the special and sipped my coffee. "Clearwater" was certainly the word for that coffee -- they must have named the restaurant after it. I glanced around the table, skipping over Will. Mr. Papadakis caught my eye. "What's the agenda?" he asked. "We'll go to the park as soon as we're done here. Check out the carousel, then have lunch with the committee. We have to give the owners a preliminary report tomorrow morning." Evangeline smiled. "How long are you staying?" she asked me. "All week. You?" "I'll stay awhile. I may want to work on things in place." In Evangeline's case, "awhile" could mean several months. She had an answering service, but no permanent address. At the moment, I envied her. It was Will's turn, so I had to look toward him then. He sat quietly, holding a coffee cup. Will had never worn jewelry, but now a ring glinted on his finger. A plain gold ring on the fourth finger of his left hand. A wedding ring. We plan, as the old proverb says, and God laughs. But most of us don't find it all that funny when things go wrong. Most of us want love, a nice home, good work, and happy children. Many of us grew up with parents who made these things look relatively easy and assumed we would get them, too. So what do you do if you don't? What do you do when you feel you've messed it all up and your friends seem to be doing just fine? For Christina Patterson, it was her job as a journalist that kept her going through the ups and downs of life. And then she lost that, too. Dreaming of revenge and irritated by self-help books, she decided to do the kind of interviews she had never done before. The resulting conversations are surprising, touching and often funny. There's Ken, the first person to be publicly fired from a FTSE-100 board. There's Winston, who fell through a ceiling onto a purple coffin. There's Louise, whose baby was seriously ill, but who still worried about being fat. And through it all, there's Christina, eating far too many crisps as she tries to pick up the pieces of her life. The airplane disappeared from air traffic radar at 1617 hours, about 94 nautical miles northwest of Bangkok. In RISE UP, Nicole Williams offers 31 timely devotional prayers that model a simple method of intentional praise, even in the midst of suffering. When we intentionally praise God and offer thanksgiving to Him during a difficult time, our praise becomes our testimony. It shifts our focus away from our problems and moves us to meditate on the nature and character of God Himself. INTENTIONAL PRAISE REVEALS A FAITH THAT BELIEVES IN GOD'S GOODNESS ABOVE ANY SORROW WE MAY FACE. But what if? It's a question we bury deep down inside, yet trauma and crisis bring it front and center. Death, unemployment, racial injustice, political divide, anxiety, fear, loneliness, and extreme weather touch all of us. Suddenly aware of our great need, we grieve our losses, and in our deep sorrow, we call out to God. He's with us and He's listening. Intentional praise radically transforms our peace, hope, and faith by reminding us that God is more than able to handle anything we're facing. He simply wants us to look to Him and believe. Our spirits bow down to worship, just before we rise up to praise. -SLOW YOUR BREATHING -QUIET YOUR MIND -RELEASE YOUR ANXIETY -TRANSFORM YOUR TROUBLED HEART -ALL BEFORE VOICING A CONCERN TO THE LORD -IT ALL STARTS WITH INTENTIONAL PRAISE Call to Me, and I will answer you, and show you great

and mighty things, which you do not know. Jeremiah 33:3 BE ENCOURAGED ON INSTAGRAM @ms.nicolewilliams and JOIN THE COMMUNITY msnicolewilliams.com. When her husband asked for a divorce after twenty-five years of marriage, Rebecca Winn felt untethered physically, spiritually, and emotionally. The security she'd had in her marriage was suddenly replaced by an overwhelming sense of fear, hopelessness, and dread. She felt invisible and alone and was horrified to consider that her deepest longing -- to know and be known by another person -- might never be realized. But from this fear emerged a powerful desire to answer one of life's most profound questions: How can we ever know another person if we do not truly know ourselves? By turning to her garden for guidance, sanctuary, and inspiration, and dialing closely into the flora and fauna around her, she ultimately discovered what is possible when we are willing look at our unvarnished selves with an open mind -- and see others with an open heart. Though the path is shadowy and our vision is sometimes obscured, God accompanies us in our stumbling steps--to stretch faith, heal broken hearts, restore joy, and ultimately crown us with victory. These themes are vividly depicted in her story, highlighted with insightful applications of God's Word. Faith Refined is an honest and compelling narrative with encouragement, comfort, and counsel for readers. Award-winning entrepreneur and journalist Shane Snow reveals the counterintuitive

reasons why so many partnerships and groups break down--and why some break through. The best teams are more than the sum of their parts, but why does collaboration so often fail to fulfill this promise? In *Dream Teams*, Snow takes us on an adventure through history, neuroscience, psychology, and business, exploring what separates groups that simply get by together from those that get better together. You'll learn: \* How ragtag teams--from soccer clubs to startups to gangs of pirates--beat the odds throughout history. \* Why DaimlerChrysler flopped while the Wu-Tang Clan succeeded, and the surprising factor behind most failed mergers, marriages, and partnerships. \* What the Wright Brothers' daily arguments can teach us about group problem solving. \* Pioneering women in law enforcement, unlikely civil rights collaborators, and underdog armies that did the incredible together. \* The team players behind great social movements in history, and the science of becoming open-minded. Provocative and entertaining, *Dream Teams* is a landmark work that will change the way we think about people, progress, and collaboration.

*THINGS FALL APART* tells two overlapping, intertwining stories, both of which center around Okonkwo, a "strong man" of an Ibo village in Nigeria. The first of these stories traces Okonkwo's fall from grace with the tribal world in which he lives, and in its classical purity of line and economical beauty it provides us with a powerful fable about the immemorial conflict between the individual and society. The second story, which is as modern as the first is ancient, and which elevates the book to a tragic plane, concerns the clash of cultures and the destruction of

Okonkwo's world through the arrival of aggressive, proselytizing European missionaries. These twin dramas are perfectly harmonized, and they are modulated by an awareness capable of encompassing at once the life of nature, human history, and the mysterious compulsions of the soul. THINGS FALL APART is the most illuminating and permanent monument we have to the modern African experience as seen from within. "An impressive achievement. To get back up sometimes you have to fall down, hard . . . What's the point of pretending nothing has changed when everything has? It's the last summer before college, and Jonas Avery knows he should be excited. Instead, he hides out at home, avoiding his friends, his family, and everything that resembles his old life. Because nothing will be normal again—because of The Accident, when everything started falling apart. Brennan Davis knows she needs to stand up and face her anxiety—the deep, dark, debilitating dread that rules her everyday life. Because what stops her from going out into the world and just living is going to get a whole lot worse. She's leaving for college in the fall, where she'll be confronted with even more to worry about. When Jonas crashes into Brennan—in a harmless, albeit embarrassing fender bender—the two teens connect in ways they never expected. As friends, they help each other overcome their biggest falls and faults, and soon discover that while love can't fix everything, it's sometimes a place to start. Sensitive, wry, and unabashedly authentic, The Opposite of Falling Apart isn't about finding perfection in another person or fixing the things we think are broken. Instead, Micah Good has penned an enchantingly honest novel about accepting the very pieces of ourselves that make us unique, whole, and undeniably human. But the more she fights her true feelings for Genesis, the stronger they become. Genesis has finally come to terms with his role as the new leader of the Armani Empire. But if he expects to keep his family alive, he must keep his eyes and ears open. All snakes don't hiss and his enemies may be closer than he thinks. But it's hard to stay focused when two women are ready to tear the world apart fighting over his love. Touching down in L.A., Chanel has one thing on her agenda - to stake her claim on her man. True is on the brinks of spiraling out of control; as he struggles to keep his plans afloat to become Los Angeles' next king. But when a new threat surfaces, he enlists the help of an old friend. However, he soon discovers a secret that could potentially put everyone around him in danger. In this second installment, more secrets are unveiled as everyone fights to be at the top - but there's only room for one true king. Can Genesis survive as his father's successor, or will the burdens be too much to carry? And if he succeeds, who will he have as his queen? Knock, knock Sal. I told you I'd be back. Sally Jarvis has a reputation. She parties first and asks questions later. Guys are tossed back like shots, and there's always another one waiting at the bar. Her friends worry she's partying too hard, but Sally doesn't think twice... until she falls into Harrison Leo's arms. Literally. I know who you are. I know what you've done. Harrison is an unapologetic computer geek who has nothing in common with the wild girl who stumbles into his life. She seems determined to self-destruct, and it's not his job to come to her rescue. Yet somehow, he keeps doing it anyway... You owe me, sweetheart. And it's time to pay up. Sally's feelings for Harrison burn hard and fast, but she knows what they have will never last. He's too good for her, and soon he'll know it too. Because the reason Sally parties so hard is about to catch up with her, and when it does not even Harrison will be able to save her. Instead, he just might have to watch her fall apart. Watch Me Fall Apart is the second novel in the Scars Run Deep series. Book 1, Put Me Back Together, is also available! Offers ten strategies for acknowledging, healing, and moving past pain and trauma caused by layoffs, foreclosures, retirement losses, and health insurance problems. This book, "Bloodless Murder" is part I of a true story of emotional abuse. It was written out of an intense desire to help bring about change. It is about the emotional carnage caused by hostile parenting or parental

alienation. It is my personal story about years of emotional abuse that led to the alienation of my children and the death of my son. It is a story like so many others. It is real. It is heartbreaking. It is emotional abuse at its worst. This story shows who alienators are and how they function. It shows how they manipulate children to hate and/or disown a once loved parent. It shows how alienators are too often able to manipulate the legal system and other people such as: counselors, teachers, police and social workers in false allegations and lies in order to continue their abuse. It shows how, if left unchecked, this emotional abuse and alienation has harmful, often tragic consequences for the children. This book shows how "the best interests of the children" are too often NOT served in our current family courts of law. It shows the harm to children when people remain in the dark about parental alienation; ignore it and allow it to go unchecked. I hope that this book convinces you how badly hostile parenting needs to stop. This book is written for anyone who is not sure what parental alienation is, or does not believe it is real; for anyone who can bring about change through their awareness. "Emotional abuse can be described as a bloodless murder. It kills a person's internal self and soul." Maybe, through understanding, you can help a child. "Indian novel, urban middle class in Calcutta, story of a man caught in his greed."
