Gone Feral Nov 23 2022 Elizabeth Gilbert, author of *The Signature of All Things* and *Eat, Pray, Love* "I'm so glad Novella Carpenter has written this book... The resulting journey is both brave and honest." *San Francisco Chronicle* "[R]iveting... Carpenter reminds us that sometimes the self is the thorniest wilderness of all." Novella Carpenter picks up the phone one day to receive some disturbing news: her father has officially gone missing. Carpenter's father, George—a back-to-the-land homesteader and troubled Korean War veteran—has spent decades battling his inner demons while largely absenting himself from his children's lives. Though George is ultimately found, Carpenter is forced to confront the truth: her time with her dad—now seventy-three years old—is limited, and the moment to restore their relationship is now. *Gone*

Feral is the story of Carpenter's search for her parents' broken past in the harsh wilds of Idaho. The story starts in San Miguel de Allende in 1969, where Carpenter's free-spirited parents meet and fall in love. Their whirlwind romance continues through Europe and ends on 180 acres near Idaho's Clearwater River. Carpenter and her sister are born into a free, roaming childhood, but soon the harsh reality of living on the land—loneliness, backbreaking labor—tears the family apart. Carpenter's mother packs the girls and heads for the straight life in Washington State while George remains on the ranch, tied to the land and his vision of freedom. In *Gone Feral*, Carpenter—now a grown woman leading an untraditional life, not unlike her parents', raising livestock and growing vegetables in the city—finds herself contemplating a family of her own. Before that can happen, she knows she has to return to Idaho to discover why her father chose this life of solitude. She quickly finds that George is not living the principled, romantic life she imagined, and the truth is more complicated—and dangerous—than anything she suspected. As she comes to know the real George, Carpenter looks to her own life and comes to recognize her father's legacy in their shared love of animals, of nature, and of the written word; their dangerous stubbornness and isolating independence. Finally, *Gone Feral* sees the birth of Carpenter's own daughter, an experience that teaches that a parent's love is itself a wild thing: unknowable, fierce, and ever changing. In reckoning with her past, Carpenter clears the road to her future. Raw, funny, unsentimental, alive with unforgettable characters and pitch-perfect dialogue, *Gone Feral* marks Carpenter's transformative passage from daughter to mother, a wry and rough tale of life lived on the margins and redemption between generations. Booklist "Spurred on by a desire to raise a family

of her own and decipher the genetic code for either survival or destruction that she might be passing on, Carpenter performs a wild pas de deux with the cantankerous George, approaching him as one would a wild animal with no trust in humanity. Carpenter chronicles her daring quest for understanding and familial continuity in this sincere and remarkably uninhibited memoir."

Helmet Head Oct 10 2021 Helmet Head. He was just a rumor to the rough and dangerous "one-percenters"—a monstrous motorcyclist dressed all in black who rode the back roads of Little Egypt cutting off the heads of other bikers with a samurai sword. But on one terrible stormy night, Deputy Pete Fagan discovers that Helmet Head is all too real—and consumed with a fury that won't be satisfied until his demonic sword drinks its fill.

The Chainsaw Man Jan 01 2021 This is a lengthy, but exciting novel of how a promising young boy becomes molded into a horrific individual. It explains about the person's life in such detail, that emotions literally explode into a wavering array of uninterrupted events. Leading to endless scenes of inhumane atrocities. Feeding on this individual's frail and developing psyche. ALLEN SHAW: The chainsaw man, became what all people would come to fear the most. Something out of our darkest dreams. Driven solely by an incurable rage inflicted on him by a mixture of influences. Taking the reader directly into the mind of this gruesome monster of a man who carries a chainsaw. Dwelling in the famed BIG THICKET or Texas. This novel will take one literally back to a time in the 1960s 1970s; Its drastically differed ways of thinking, and ways of life. Where the great American landscapes were still fiercely ever in tact. Its values, and ways of conversing with all that is inside. Its ways of being. A literally terrifying novel where one is chased forever in this thick tangle of jungle-like Texas land. A blood encrusted warrior who does the unspeakable. It will undoubtedly frighten, but it will equally reveal a heartfelt pain that is very real among most of us. The need to be loved and accepted. This torture survivor remembers a different place: a different time. It is told now in the long gone genre of a good old fashioned horror/slash thriller that WE of the 70s know and will fondly

recall. I take the reader by the hand and lead him into my world. Where the realities that men do unto unsuspecting others. The horrific impact following. The literal mental state that thrives ever so fluently in the collective unconscious of modern man. Never forget that he is stalking you! Don't go in the woods alone . . . The CHAIN SAW MAN is coming!! For the chain saw man will forever live in infamy . . . In the back woods of us all.

[The Magic of Wild Things](#) Feb 26 2023 THE MAGIC OF WILD THINGS by Julie Armstrong. Part folk-poem, part eco-mystery, The Magic of Wild Things rewilds our language of loss with words of promise for better times to come. It is a bewitching tale, one that stirs our senses, calling us back to kinship with the natural world and non-human creatures, honouring the interconnections of all life. Guided by visions of her wise-woman mother, half-remembered stories, dreams and desires, May cuts free from her claustrophobic life in the Wasteland to journey with Jack and their daughter, Bel, into the wild. They find themselves in a small, stone cottage near the forest and Seven Stars Hills. Has May lived here before in an Otherworld? For three years the cottage brings sanctuary. Here they discover a new relationship to each other and to the natural world of which they're part, living in harmony with the wild life, landscape and the turning of the seasons. Each day is full of delight and wonder. Until a magpie delivers a brutal warning. Slowly, as the developers gather round, peace is shattered and a gradual slaughter begins. May sickens as their haven is threatened by axe and chainsaw; roots and branches are severed and fever is rife. The Magic of Wild Things is the story May speaks for Bel. It is an old tale for present times of love between human and non-human kind. It is about finding your way back and forward to the place you need to be. It is about community. And what happens when a woman is driven mad with grief for the natural world ravaged before her eyes. It is about solasalgia, the distress caused by environmental vandalism and consequent loss. A story of wise-women and the energy they bring to transcend devastation, it is, above all, about hope in the face of destruction. May is sometimes witch, sometimes faery, sometimes vixen, but always Eco-warrior. Her passion thrums with the

rhythms of the Earth. Sensuous and seductive, she intuitively follows the pulse beats that drive her on and entwine her being. A haunting tale for our time, one of enchantment, charms and spells. We face a biodiversity crisis and May knows we stand on the brink of extinction. Globally, a million species are at risk. Yet, May, her mother and daughter are story tellers, finding the words to show us our place in this crisis, how to re-think our futures and the future of our planet.

Rock Movers & Shakers Nov 11 2021 This includes the chronologies of all the major artists, bands, singers, players, movers and shakers in contemporary popular music.

Farming and the Fate of Wild Nature Jun 18 2022 "Farming and the Fate of Wild Nature addresses an urgent and complex issue facing communities throughout the world: the need for heightened land stewardship and conservation in an era of diminishing natural resources. This book takes up where its predecessor, the award-winning *Farming with the Wild* left off. Featuring a wide-range of in-depth essays, articles, and other materials by authors such as Wendell Berry, Michael Pollan, Barbara Kingsolver, Ted Williams, and Rick Bass, this book persuasively demonstrates that farm and ranch operations that coexist with wild nature are necessary to sustain biodiversity and beauty on the landscape."--Publisher's website.

Yellow Earth Aug 08 2021 In *Yellow Earth*, the site of Three Nations reservations on the banks of the Missouri River in North Dakota, Sayles introduces us to Harleigh Killdeer, chairman of the Tribal Business Council. "An activist in his way, a product of the Casino Era," Killdeer, who is contracted by oil firm Case and Crosby, spearheads the new Three Nations Petroleum Company. What follows, with characteristic lyrical dexterity, insight, and wit, introduces us to a memorable cast of characters, weaving together narratives of competing worlds through masterful storytelling. Set shortly before Standing Rock would become a symbol of historic proportions of the brutal confrontation between native resistance and the forces of big business and law enforcement, the fate of *Yellow Earth* serves as a parable for our times.

Harry and the Pirates Oct 18 2019

My Heart Is a Chainsaw Mar 15 2022 Winner of the Bram Stoker Award for Best Novel In her quickly gentrifying rural lake town Jade sees recent events only her encyclopedic knowledge of horror films could have prepared her for in this latest chilling novel that "will give you nightmares. The good kind, of course" (BuzzFeed) from the Jordan Peele of horror literature, Stephen Graham Jones. "Some girls just don't know how to die..." Shirley Jackson meets Friday the 13th in *My Heart Is a Chainsaw*, written by the New York Times bestselling author of *The Only Good Indians* Stephen Graham Jones, called "a literary master" by National Book Award winner Tananarive Due and "one of our most talented living writers" by Tommy Orange. Alma Katsu calls *My Heart Is a Chainsaw* "a homage to slasher films that also manages to defy and transcend genre." On the surface is a story of murder in small-town America. But beneath is its beating heart: a biting critique of American colonialism, Indigenous displacement, and gentrification, and a heartbreaking portrait of a broken young girl who uses horror movies to cope with the horror of her own life. Jade Daniels is an angry, half-Indian outcast with an abusive father, an absent mother, and an entire town that wants nothing to do with her. She lives in her own world, a world in which protection comes from an unusual source: horror movies...especially the ones where a masked killer seeks revenge on a world that wronged them. And Jade narrates the quirky history of Proofrock as if it is one of those movies. But when blood actually starts to spill into the waters of Indian Lake, she pulls us into her dizzying, encyclopedic mind of blood and masked murderers, and predicts exactly how the plot will unfold. Yet, even as Jade drags us into her dark fever dream, a surprising and intimate portrait emerges...a portrait of the scared and traumatized little girl beneath the Jason Voorhees mask: angry, yes, but also a girl who easily cries, fiercely loves, and desperately wants a home. A girl whose feelings are too big for her body. *My Heart Is a Chainsaw* is her story, her homage to horror and revenge and triumph. *The Encyclopedia of Fantastic Film* Oct 30 2020 Thirty-five years in the making, and destined to be the last word in fanta-film references! This incredible 1,017-page resource provides vital credits on over 9,000 films

(1896-1999) of horror, fantasy, mystery, science fiction, heavy melodrama, and film noir. Comprehensive cast lists include: directors, writers, cinematographers, and composers. Also includes plot synopses, critiques, re-title/translation information, running times, photographs, and several cross-referenced indexes (by artist, year, song, etc.). Paperback.

Chainsaw Man, Vol. 1 Aug 28 2020 Denji's a poor young man who'll do anything for money, even hunting down devils with his pet devil Pochita. He's a simple man with simple dreams, drowning under a mountain of debt. But his sad life gets turned upside down one day when he's betrayed by someone he trusts. Now with the power of a devil inside him, Denji's become a whole new man—Chainsaw Man! -- VIZ Media

I Follow in the Dust She Raises Apr 16 2022 I Follow in the Dust She Raises is a collection of deeply personal poems born from a life sharply observed. Martin takes readers from the mountains of the West to the shores of Alaska, as she delves into the rippling depth of childhood experiences, tracks the moments that change a life, and settles into the fine grooves of age. Exploring the ties of family and grief, Martin's unflinching poetry ripples with moments of extraordinary beauty plucked from what seem like ordinary lives.

The Solace of Stones Sep 09 2021 Everything changes when Julie Riddle's parents stumble across the wilderness survival guide *How to Live in the Woods on Pennies a Day*. In 1977, when Riddle is seven years old, she and her family—fed up with the challenges of city life—move to the foot of the Cabinet Mountains Wilderness in northwestern Montana. For three years they live in the primitive basement of the log house they are building by hand in the harsh, remote Montana woods. Meanwhile, haunted by the repressed memory of childhood sexual abuse, Riddle struggles to come to terms with the dark shadows that plague her amid entrenched cultural and gender mores enforced by enduring myths of the West. As Riddle grapples with her own painful secrets, she discovers the world around her and its impact on people—the demands of living in a rural, mountain community dependent on boom-and-bust mining and

logging industries, the health and environmental crises of the W. R. Grace asbestos contamination and EPA cleanup, and the healing beauty of the Montana wild. More than simply a memoir about family and place, *The Solace of Stones* explores Riddle's coming of age and the complexities of memory, loss, and identity borne by a family homesteading in the modern West.

Film and Television Locations Jul 27 2020 It is often said that the greater Los Angeles area is the largest movie set in the world. Film and television series filming sites are, however, located all over the United States. This guidebook documents over 1500 locations where 1,106 movies and 48 television series have been filmed. Arranged by state and then alphabetically by movie title, each entry includes the year of release, the two main stars, a plot line and a description of the location. Filming sites located in Los Angeles are excluded. All sites are accessible to the public. The indexes make it possible to quickly locate a favorite star, favorite movie or favorite location.

Chainsaw Confidential Nov 30 2020 The original 1974 film *The Texas Chain Saw Massacre* seized the imaginations of audiences and critics, going from controversial cult sensation to being ranked by *Total Film* as the greatest horror movie ever made. It's been shown at Cannes, briefly banned in England, and included in the permanent collection of New York's MoMA. This fascinating literary memoir of the making of the film comes from the unique perspective of Gunnar Hansen, the actor who played the chain saw-wielding Leatherface. A critically acclaimed poet and author, Hansen tells the real story of the film, debunking myths, giving behind-the-scenes details, and offering insights on the film's reception and our enduring fascination with the horror genre today.

Early Modern Tragedy and the Cinema of Violence Jan 13 2022 This study considers parallel issues in revenge tragedies of the early seventeenth-century and violent cinema of the last thirty years. It offers a series of provocative explorations of death, revenge and justice, and gender and violence. What happens when we connect *The White Devil* with *Basic Instinct* ? *The Changeling* or *Titus Andronicus* with *Straw Dogs* ? *Doctor Faustus* with *Se7en* ? *Taxi Driver* with *The Spanish*

Tragedy ? Appealing to those with an interest in either drama or film, written in an engaging style, the book also reconsiders the high /popular culture divide, and reflects on the enduring significance of the revenge motif in Western culture over the past four hundred years, particularly in the post 9/11 context.

Horror Film and Psychoanalysis Sep 21 2022 Psychoanalytic theory has been the subject of attacks from philosophers, cultural critics and scientists who have questioned the cogency of its reasoning as well as the soundness of its premises. Nevertheless, when used to shed light on horror cinema, psychoanalysis in its various forms has proven to be a fruitful and provocative interpretative tool. This volume seeks to find the proper place of psychoanalytic thought in critical discussion of cinema in a series of essays that debate its legitimacy, utility and validity as applied to the horror genre. It distinguishes itself from previous work in this area through the self-consciousness with which psychoanalytic concepts are employed and the theorization that coexists with interpretations of particular horror films and subgenres.

The Real Thing Jan 21 2020 A biography of Canadian biologist, educator, and conservationist Ian McTaggart-Cowan.

Videohound's Golden Movie Retriever Dec 20 2019 Describes and rates more than twenty thousand videos, and provides indexes by theme, awards, actors, actresses, and directors.

Town in a Wild Moose Chase May 05 2021 Cape Willington's annual Winter Moose Fest is in full swing when the sightings of a mysterious white moose-and rumors of a dead body found in the woods-send Candy scrambling to separate fact from fiction before she finds herself in the bullseye of a ruthless killer...

Virgin Territory Jul 19 2022 A critical and in-depth investigation of how virginity is represented in film.

Bigfoot May 17 2022 Bigfoot are found and studied for five years before the Area-51 super computer, used in the project, becomes self aware. It decides the evolved miniature surveillance device, it created to enhance

research, is now in danger of being compromised. On its own, it takes action to terminate the study and the subjects as well. The scientists who have come to know and love the three subjects in California, Big Guy, Lady Di and baby Bryce, as they are called, risk jail and life itself in their battle against the Top Secret computer, Scorpion, a mechanical beast operating in the sub-levels of the desert. The large male Bigfoot actually shows the way to battle nanotech with cunning and astounding feats of physical powers. An awareness of the importance to man of these hidden creatures is imbued into the great minds of the scientists. They realize the fate of the world hangs in the balance.

The Golden Spruce Apr 04 2021 The Golden Spruce is the story of a glorious natural wonder, the man who destroyed it, and the fascinating, troubling context in which his act took place. A tree with luminous glowing needles, the golden spruce was unique and, biologically speaking, should never have reached maturity; Grant Hadwin, the man who cut it down, was passionate, extraordinarily well-suited to wilderness survival, and to some degree unbalanced. But as John Vaillant shows, the extraordinary tree stood at the intersection of contradictory ways of looking at the world; the conflict between them is one reason it was destroyed. Taking in history, geography, science and spirituality, this book raises some of the most pressing questions facing society today. The golden spruce stood in the Queen Charlotte Islands (Haida Gwaii), an unusually rich ecosystem where the normal lines between species blur. Without romanticizing, Vaillant shows that this understanding is typified by the Haida, the native people who have lived there for millennia, and for whom the golden spruce was an integral part of their history and mythology. But seen a different way, the golden spruce stood in block 6 of Tree Farm License 39. Grant Hadwin had worked as a remote scout for timber companies. But over time Hadwin was pushed into a paradox: the better he was at his job, the more the world he loved was destroyed. On January 20, 1997, with the temperature near zero, Hadwin swam across the Yakoun River with a chainsaw. He tore into the golden spruce, leaving it so unstable that the first wind would push it over. A few weeks later, Hadwin set off in a

kayak across the treacherous Hecate Strait to face court charges. He has not been heard from since. Vaillant describes Hadwin's actions in engrossing detail, but also provides the complex environmental, political and economic context in which they took place. The Golden Spruce forces one to ask: can the damage our civilization exacts on the natural world be justified?

Nothing is Real Jul 07 2021 Pop music's a simple pleasure. Is it catchy? Can you dance to it? Do you fancy the singer? But what's fascinating about pop is our relationship with it. David Hepworth is interested in the human side of pop. He's interested in how people make the stuff and, more importantly, what it means to us. In this collection of essays written throughout his career, Hepworth shows how it is possible to take music seriously and, at the same time, not drain the life out of it. From the legacy of the Beatles to the dramatic decline of the record shop via the bewildering nomenclature of musical genres; with characteristic insight and humour Hepworth asks some essential questions about music and, indeed, life: is it all about the drummer; are band managers misunderstood; and is it appropriate to play 'Angels' at funerals? As Pope John Paul II said 'of all the unimportant things, football is the most important'. David Hepworth believes the same to be true of music and this selection of his best writing, covering the music of last fifty years, shows you precisely why. 'This collection offers counterintuitive takes on everything from Sixties B-sides to wedding music' - GQ

10,000 Drinks Mar 03 2021 Recipes and tips for 10,000 alcoholic and nonalcoholic mixed drinks, eye-openers, party starters, pick-me-ups, and thirst-quenching libations.

American Film Cycles Jun 06 2021 A series of movies that share images, characters, settings, plots, or themes, film cycles have been an industrial strategy since the beginning of cinema. While some have viewed them as "subgenres," mini-genres, or nascent film genres, Amanda Ann Klein argues that film cycles are an entity in their own right and a subject worthy of their own study. She posits that film cycles retain the marks of their historical, economic, and generic contexts and therefore can reveal much about the state of contemporary politics, prevalent social

ideologies, aesthetic trends, popular desires, and anxieties. *American Film Cycles* presents a series of case studies of successful film cycles, including the melodramatic gangster films of the 1920s, the 1930s Dead End Kids cycle, the 1950s juvenile delinquent teenpic cycle, and the 1990s ghetto action cycle. Klein situates these films in several historical trajectories—the Progressive movement of the 1910s and 1920s, the beginnings of America's involvement in World War II, the "birth" of the teenager in the 1950s, and the drug and gangbanger crises of the early 1990s. She shows how filmmakers, audiences, film reviewers, advertisements, and cultural discourses interact with and have an impact on the film texts. Her findings illustrate the utility of the film cycle in broadening our understanding of established film genres, articulating and building upon beliefs about contemporary social problems, shaping and disseminating deviant subcultures, and exploiting and reflecting upon racial and political upheaval.

Wild Thing Dec 24 2022 And experience the peculiar embarrassment of frying the state record trout for breakfast."--BOOK JACKET. "Wild Thing is at once a funny, lively discourse on life in the Idaho wilds, and a very personal account of the work of Idaho Fish and Game officials, people we too often dehumanize as uncaring bureaucrats."--Jacket.

Wild Hope Feb 20 2020 This book tries to answer that question through a global journey in search of places where conservation efforts mean things are getting better, not worse an attempt to understand conservation success, celebrate it, and learn from it.

Wild Life Mar 23 2020 Terrific, amusing, poignant account of 25 years in Zimbabwe as a wildlife conservationist, saving Rhinos and cheetahs, mapping out elephant corridors, and flying over wilderness to track animals.

Marc Fennell Kills Your Weekend (working title) Dec 12 2021 260 movies, past and present, are reviewed in this high-energy, very funny journey through the world of film, as Marc Fennell, Hungry Beaster, TripleJ film reviewer, polymath, kills your social life by programming your DVD viewing for every weekend of the year. PRAISE FOR MARC FENNELL 'Witty, irreverent and fun ...' Good Reading 'Gold!' Cleo 'A film

companion with a difference' Daily News SO MANY MOVIES ... But which ones are worth watching? With Marc Fennell's that Movie Book in your hand, you will never again be at a loss for what to pick up in the DVD store. Movie critic and mischief-maker Marc Fennell (ABC Local Radio, triple j, Hungry Beast, the Circle) has cunningly programmed and reviewed more than 260 movies to fill every weekend of the year. Each weekend has a theme - a genre, filmmaker, actor or trend. think: Movies based on true stories (that aren't really true) A weekend with Walt Disney's most racist characters the many disturbing faces of Santa Claus You start with an easy introductory movie on Friday night, go a little further on Saturday and then things become downright freaky on Sunday afternoon. Whether you're bored, infirm or under house arrest, your level of commitment is catered to. Expect movies from the past as well as the present, from Hollywood to art house, from kids to adult. It's a veritable film festival from your couch.

As Stars Fall Aug 20 2022 In north-eastern Victoria, bush-covered hills erupt into flames. A Bush Stone-curlew escapes the fire but a woman studying the endangered bird does not. When Robin's parents split up after the fire, her mother drags her from the country to a new life in the

ugly city. Robin misses her dog, her best-friend, the cows, trees, creek, bushland and, especially, the birds. Robin is a self-confessed, signed-up, card-carrying bird-nerd. Just like her dad. On the first day at her new school, Robin meets Delia. She's freaky, a bit of a workaholic, and definitely not good for Robin's image. Delia's older brother Seth has given up school to prowl the city streets. He is angry at everything, but mostly at the fire that killed his mother. When the Bush Stone-curlew turns up in the city parklands next to Seth and Delia's house the three teenagers become inextricably linked. Soon their lives are circling tighter and tighter around each other, and the curlew.

The Wormwood Prophets Society Feb 14 2022

Revenge and the Wild Apr 23 2020 True Grit meets True Blood in this delightfully dark and fantastical Western perfect for fans of Gail Carriger, Cassandra Clare, and Holly Black. This thrilling novel is a remarkable tale of danger and discovery, from debut author Michelle Modesto. The two-bit town of Rogue City is a lawless place, full of dark magic and saloon brawls, monsters and six-shooters. But it's just perfect for seventeen-year-old Westie, the notorious adopted daughter of local inventor Nigel Butler. Westie was only a child when she lost her arm and her family to cannibals on the wagon trail. Seven years later, Westie may seem fearsome with her foul-mouthed tough exterior and the powerful mechanical arm built for her by Nigel, but the memory of her past still haunts her. She's determined to make the killers pay for their crimes—and there's nothing to stop her except her own reckless ways. But Westie's search ceases when a wealthy family comes to town looking to invest in Nigel's latest invention, a machine that can harvest magic from gold—which Rogue City desperately needs as the magic wards that surround the city start to fail. There's only one problem: the investors look exactly like the family who murdered Westie's kin. With the help of Nigel's handsome but scarred young assistant, Alistair, Westie sets out to prove their guilt. But if she's not careful, her desire for revenge could cost her the family she has now.

I Met God in Hell Oct 22 2022 On September 1, 2000, Tim Ehmann, a wild, thirty-five-year touring rock 'n' roll musician steeped in the

underground entertainment industry, overdosed from shooting too many successive speedballs of heroin and crack. He collapsed and died in his upstairs bedroom. Within moments he found himself in a place of inconceivable horror and absolute terror—at the very gates of hell. To his shock, Tim heard and saw many of the old friends he had played and partied with over the years who had previously died untimely deaths from those wild decades. Fully knowing his just fate, lost for eternity, unexpectedly God met Tim in hell and pulled him up into His protective arms and into the wonders of heaven. Tim was shown his calling and destiny, and resurrected seven hours later. This miracle-packed book reveals a God whose love proves so outta control that He continually chased and supernaturally protected a man bent on destruction through countless surreal situations with no other possible explanation for his survival. Since that day, Tim has been experiencing God with ongoing explosive encounters, while being led on many dangerous and sometimes comical front-line adventures with God. Tim Ehmann has a unique friendship with God that shows just how fun and exciting God and heaven can be!
