"His ideas will help anyone who has the courage to understand that a real education must go beyond filling in circles on a standardized test form." —Rafe Esquith, New York Times-bestselling author of Teach Like Your Hair's on Fire Can playing a game lead to world peace? If it's John Hunter's World Peace Game, it just might. In Hunter's classroom, students take on the roles of presidents, tribal leaders, diplomats, and military commanders. Through battles and negotiations, standoffs and summits, they strive to resolve a sequence of many-layered, interconnected scenarios, from nuclear proliferation to tribal warfare. Now, Hunter shares inspiring stories from over thirty years of teaching the World Peace Game, revealing the principles of successful collaboration that people of any age can apply. He offers not only a forward-thinking report from the frontlines of American education, but also a generous blueprint for a world that bends toward cooperation rather than conflict. In this deeply hopeful book, a visionary educator shows us what the future of education can be. "The World Peace Game devised by fourth-grade teacher Hunter has spread from a classroom in 1978 to a documentary, a TED Talk, the Pentagon, and now finally a book, in which he describes the ways his students have solved political and ecological crises that still loom large in the world of adults . . . Hunter's optimism is infectious." —Publishers Weekly "Inspired, breath-of-fresh-air reading." — Kirkus Reviews "Hunter proves the value of 'slow teaching' in this important, fascinating, highly readable resource for educators and parents alike." — Booklist "I had the pleasure of reading Russo's book over the past few days. It's a real eye-opener." - Paul Harrison, The Daily Meditation. "A self-growth novel that is unmatched by any other in its genre." Catherina Tubbs,
