This illustrated history celebrates the 75th and 70th anniversaries of Volkswagen's two most iconic vehicles, from the first Beetles spearheaded by Ferdinand Porsche in the 1940s to the buses that became synonymous with a generation. The diminutive rear-engined and easily mass-produced Beetle became the most popular imported car in America during the 1960s. Kombi, Microbus, Type 2, Transporter, and simply "van") has won millions of fans around the world with its practicality, simplicity, and design. In this beautifully illustrated and authoritatively written celebration, author Russell Hayes looks back at the vehicles while focusing on the classic air-cooled VWs that ran into the late 1970s. Along the way, readers witness the Beetle and Bus at work and at play and learn about vehicle development and growing roles in popular culture, including star appearances in films like *The Love Bug*, *Little Miss Sunshine*, *Footloose*, *Fight Club*, *The Big Lebowski*, and *Fast Times at Ridgemont High*, as well as television shows like *Lost* and *Once Upon a Time* and on the covers of the Beatles' *Abbey Road* and Bob Dylan's *Freewheelin'* album.
